AN Excellent BALSAMIC TINCTURE, made by Abraham Mans, Chemist in Liverpool, and by no Body else in England.

THIS extraordinary TINCTURE is a Chemical Preparation of such universal Virtue as not to be parallel'd; Let a fresh Wound be ever so dangerous, a few Drops being drop'd into the Wound or Puncture, or otherwise apply'd thereon, as with a Tent, Lint, or Leather, and so bound up and not stir'd for Twenty four Hours, it cures at four or five Times dressing; sometimes at two or three. Some Drops of it apply'd with Lint, will immediately stop Blood, without any further Trouble, in a surprizing Manner. Experiments have been made of it in several Kinds upon Persons who have been wounded desperately, and perfectly cured in a short Time: It cures the Rheumatism, by rubbing the Part afflicted with it: It also takes down any Swelling directly, and cures a Strain in two or three Times dressing. It gives present Ease in the most racking Fits of the Gravel, by taking two Tea spoons full in a Glass of White Wine; and takes away all Pains in the Head by taking the same Quantity.
