

Our Washington Letter.

From our regular correspondent Washington, April 27 1888

Tariff talk is what the visitors to the galleries of the House of Representatives hear these days, and what they will continue to hear for the next two months.

Surprise has been expressed that the ladies, who frequent the galleries in large numbers, should take so much interest in a subject that naturally must be dull to them, but they like everybody else seems to realize that the work of the session has begun, and that the groundwork of the next Presidential campaign is being laid.

After much disagreement in regard to the length of time the tariff debate shall be allowed to continue, the House Ways and Means Committee agreed to limit the general discussion to twenty days, in all, exclusive of night sessions of which there will be about three a week.

Our county commissioners have put their room in order; they have put down neat oil cloth on the floor and hung curtains over the book cases, doors, &c. It is a decided improvement over the old barren room and we congratulate them on their taste, for looks and comfort.

Tuesday was convention day in Centerville. The Republicans held their county convention to nominate delegates to State Convention to nominate delegates to the Presidential convention, also delegates to the Congressional Convention. The fruit growers also held a convention that day.

We had regular summer weather here on Sunday and Monday. It was calm both days and the sun shone with all its summer brilliancy and heat. On Monday at 2 p. m., the thermometer registered 94. The signal service bureau reports Sunday as the hottest 29 of April since the bureau has been established in 1871.

A slight fire occurred in town on Saturday last at noon by the burning of the roof of the ice house of Dr. Chas. Cockey. The doctor's servant built a fire in the yard to burn some brush and the wind caught the straw that was scattered over the yard from the ice house, and set fire in the house, loss about \$30.

The question of garlic or onions in our wheat crops is becoming to be a matter of serious consideration with our farmers. All kinds of theories are advanced only to be knocked down and rejected as to what produces them and what will destroy them. It is well known that garlic in wheat reduces the crop from 5 to 10 cents a bushel, this year it is said garlic is double in quantities that of last year.

Mr. Nicholas Manly one of our oldest resident fishermen, has a very interesting family of cats and dogs. He has two cats with kittens and when one old cat goes out of the box the other goes in, and each suckle the two broods of kittens. In the absence of both cats he has a large water dog that watches over the kittens, if one of them gets out of the box the dog will pick it up in her mouth like a cat and deposit it in the box without injury. The dog watches the box and will not allow a stranger to go near it.

After analyzing the bill Mr. McMillin stated that it would reduce the revenues more than \$1,250 to every individual or \$6 to every family in the United States, and he declared that the plain, simple question presented to the House was: Will we continue to hoard up a corrupting surplus or will we leave it in the pockets of the people, where it justly belongs?

Protection was the keynote of Representative Burrows' speech, which gave great satisfaction to his republican friends. He said our tariff to-day is confessedly protective in that it is levied, not for revenue only, but to encourage American labor. He closed with an appeal to the new South, born of the throes of war, but now full of courage and hope, her loins girt for a new race, her heavens aglow with the break of a new day, warning her that this Mills tariff bill boded only disaster to her.

WHAT AM I TO DO? The symptoms of Biliousness are unhappy but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furled, it is rough, at all events.

The digestive system is wholly out of order and Diarrhea or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it cost but a trifle and thousands attest its efficacy.

Pool Room. The pool room over the News office is open at all hours. The public who are fond of the sport are invited to call when in town.

The managers of the Cecil County Agricultural Society, by a vote of 4 to 3, have agreed to grant the request of the W. C. T. U. of Cecil County not to hereafter offer premiums for home-made wines and brandied fruits. Next.

LOCALS AND GENERAL NEWS.

CULLED FROM THE COUNTY AND ELSEWHERE.

The straw hat was in full bloom on Monday. Our spring term of court begins on Monday it is predicted that it will be a short term.

Strawberry festivals are being talked of by the ladies in the near future. We imagine we taste them. How delicious.

To-day is the day of the Democrat primaries in this county, and both Cleveland and Gibson will get a solid boom in this county.

The B & O and U. S. Express companies have established an agency in this place, with Mr. W. C. McConnor agent. See ad for particulars.

Wm. Dever, Clerk of the Circuit Court, notifies officers newly appointed to hunt the general discussion to twenty days, in all, exclusive of night sessions of which there will be about three a week.

The notice of the May sitting of the Registrars of voters, for this county appear in this issue. The Registrar for this district will sit in precinct No. 1 Queenstown on Monday the 14 and at Capt Tarr's store, in Winchester on Tuesday the 15th. See ad for further particulars.

CHURCH HILL ITEMS.

COOL WEATHER—GOOD ROADS—AND THE MRSALLES.

Quite a number of children in town have the measles, but no very severe cases as yet. Improvement still goes on. Mr. E. B. Faithful has broke the ground on his lot and is now erecting a new house—Mr. John Taylor is doing the work.

We notice that Mr. Ellison's work wagons from Kent, some fifteen or sixteen in number, pass through town every few days loaded with straw for the straw board factory at Chestertown. We would like to know why Queen Anne's county could not have something to give employment to men in the way of some manufacture. We know that she has the capital, and everything that is wanted is a little energy on the part of the people. With all her facilities, she has nothing of the kind.

Quarterly meeting at the M. E. Church, on Thursday and preaching by the Elder, Rev. John France Friday at 7.30.

Farmer are now about finishing up plowing corn. Wheat is looking fine and we hope for a full crop this season.

Mr. A. S. Groves passed through town on Wednesday on his way home on Wye Island. He has been paying a visit to his father, Mr. J. A. Groves, who is the largest peach grower on the shore. In answer to a question asked in regard to a crop of peaches, he thinks there will not be a full crop; yet if nothing happens now to hurt the fruit there will be a plenty and not enough to glut the markets.

Mrs. V. F. Rockwell and daughter, of Wye Island, who have been visiting Church Hill returned home Wednesday. HUB.

Marriage Licenses. The following marriage Licenses were issued by Wm. Dever, Clerk of the Circuit Court for Queen Anne's county during the month of April. George J. Bond and Mary McCauley, John W. Mason and Martha E. Seney, Galine E. Everett and Annie Emory, Gus. Schuley and A. L. Winterstein, B. H. Couden and Jennie E. Mahood.

TO COLORED COUPLES. John H. Johnson and Delby Simpson Harvey Wilson and Mary E. Cook, James E. Meredith and Ida Brown, Chas. Wright and Rachel Richardson, Thos Little and Malinda Babler.

An Opportunity for the People of Queenstown.

In Baltimore one of the most rapidly growing enterprises of the last few years, and one of the most appreciated as well as the most profitable, is the Installation Business. Its great advantage and benefits especially to the middle and poorer classes, cannot be overestimated. Formerly people in various circumstances were compelled to do without a great many necessary comforts of life; that is, their houses were scantily furnished, and only because they could not at anytime raise sufficient cash money to properly furnish them. What little furniture they had, was of the poorest and cheapest class, and gave any respectable appearance, or gave any satisfaction. Now on the Installation Plan any honest person, no matter what his or her circumstances are, in a minute low, poor or how rich, can get anything in the way of Furniture, Carpets, Stoves, Crockery, Refrigerators, Baby Carriages, Parlor Organs, &c., in fact, anything necessary to furnish the Home complete from cellar to attic—they can get all these by simple paying a small amount cash down and the balance on time, monthly payments, which are made to suit their circumstances and are always made so low that the money will hardly be missed. This plan has become so popular in all the larger cities that over two-thirds of all the people now purchase their household goods that way;—in fact all excepting the extreme wealthy classes. Now the People of Queenstown never have had this opportunity offered them, so the Peoples' Installation Company 119 and 119 1/2 N. Howard Street, between Fayette and Lexington Sts., Baltimore, the largest and best conducted and most reliable Installation house in Baltimore, have decided to extend this plan to the vicinity of Queenstown or immediate vicinity, the same advantage as the people of Baltimore now enjoy—that is to solve them anything which they may desire to have on the Installation Plan at lowest cash prices and make terms of payments low enough to suit any one's circumstances. This House not only sells everything in the way of Furniture, Carpets, Stoves, Refrigerators, Baby Carriages, Crockery, Cutlery, House Furnishing Goods, Parlor Organs, &c., but also carries a complete stock of Silks, Yelrets, Foreign and Domestic Dress Goods, Ladies' Cloaks and Wraps, Millinery, Gents', Youths', Boys' and Children's Shoes, Hats, Watches, Jewelry, &c.—In fact they are general outfitters and are the only House in Baltimore where wearing apparel, as well as the furniture, is sold. This House will always be glad to have the people of Queenstown call on them whether they intend purchasing or not, will be glad to have them look through their immense Warehouse and get full particulars regarding Terms, &c. Any information desired by mail will be promptly furnished.

Grand Opening for a Cannery. FOR SALE OR RENT. I have a two-story house situated on Queenstown river in the village of Queenstown, within fifteen feet of 7 feet of water. The water abounds in oyster, fish and crabs, which can be delivered in boats within fifteen feet of the building. The lands in the district is adapted to the growth of tomatoes, peaches and all kind of vegetables. There has been large orchards of fruit trees planted which will come in bearing this season. I will either rent or sell the above described property. For further particulars apply to T. A. EMBERT, Queenstown, Md. 4.2113
