TO WHOM IT MAY CONCERN.

Lost or strayed, during the month of June, through the carelessness of the enumerators, 802 residents of Queen Anne's county. The people of this county, and especially its leading men, are requested to keep their eyes open and restore, if possible, these missing men, women and children to their sorrowing friends.

The failure of the eleventh census as an exact, or even a reasonably approximate enumeration of the people of the United States, is now recognized almost everywhere outside of the States where Mr. Robert P. Porter's agents are still ciphering away the date to untrustworthy hands.
