The day of election is drawing very close and with it all sorts of predictions as to how people will vote.

Among the many rumors we hear that our oystermen are going to vote the republican ticket, because of the heavy tax put upon them in the personal license bill.

This is no excuse for any man who is a Democrat to eat his cake at this or any other time. We know that the oystermen themselves are not so sure of their ground.

We have already seen people at this time that they were wrong. It is to have themselves taxed as they are already paying taxes. They would have their protesting but even were it true, that one-half of the people voting did not pay any license and they wanted to make everybody pay to oyster. One of the special arguments were: They worked on the farm when they were young and did not pay any license.

The Rev. Royal H. Fallman, Republican candidate for Congress in the Third Maryland district, takes a high view of Republicanism. In a recent speech he held this language:

"It is as much my duty to be a Republican as it is for me to go to church on Sunday and kneel in prayer before God."

Such a combination of Church and State is not generally recognized in this country.

A Great Event

In one's life is the discovery of a remedy for some long-standing malady. The poison of Scrofula is in your blood. You inherited it from your ancestors. Will you transmit it to your offspring? In the great majority of cases, both Consumption and Cancer originate in Scrofula. It is supposed to be the primary source of many other derangements of the body. Begin at once to cleanse your blood with the standard alternative.

Ayer's Sarsaparilla

"For several months I was troubled with scrofulous eruptions over the whole body. My appetite was bad, and my system so prostrated that I was unable to work. After trying several remedies in vain, I resolved to take Ayer's Sarsaparilla, and did so with such good effect that less than one bottle

Restored My Health and strength. The rapidity of the cure astonished me, as I expected the process to be long and tedious." - Frederico Maria Fernandes, Villa Nova de Gays, Portugal.

"For many years I was a sufferer from scrofula, until about three years ago, when I began the use of Ayer's Sarsaparilla, since which the disease has entirely disappeared. A little child of mine, who was troubled with the same complaint, has also been cured by this medicine." - H. Brandt, Avoca, Nebr.
