To-day will be held the Democratic primaries to elect delegates to go to Centerville on Tuesday, to elect delegates to the Congressional Convention to be held in Centerville on Wednesday, September 3d, to nominate a candidate for this congressional district. The primaries will be very quiet as there will only be one delegation in each district, as there is no opposition to Mr. Weedon, the candidate from this county.

Senator Quay cannot be accused of being much of a sentimentalist in politics, but when it gets down to the rock bottom of carrying elections and preparing the way for the same it is this same Matthew Quay that gracefully glides into the leadership of his party. And it is not funny that all the leaders, big and little, have had to get on the back seats and leave Gorman and Quay to straighten out the tangles of legislation and close up Congress in respectable shape?—*Balto. This summer has demonstrated the necessity of a first-class hotel in this town, where city visitors and summer tourists can find accommodations to induce them to make longer visits to this place. Our town has been visited this summer by people from all sections of the country and we have heard nothing but praises from all of our beautiful location for a summer residence, and the need of a large hotel near the water. Come friends, wake up! If one man won't build a hotel let us form a stock company and build one! In a word let us improve our town. It is much needed. Let us push the old foggies to one side and go ahead.

A Centenarian's Giant Progeny.

CHATTANOOGA, Aug. 13.—Probably the most remarkable family in the U. S., is the Walker family living near Hendersonville, N. C. William Walker, the oldest member of the family, was a soldier in the war of 1812 and professed to remember the Revolutionary War. He is generally supposed to be about 110 years of age, although the record is not as exact as might be wished.

At an early day Walker came to N. C., where he raised a family of twenty-two children, equally divided between the sexes. The eleven boys ranged in height from 6 feet 4 inches to 7 feet, and all of them are still living. Seven of these men have sons, and there is not one of these sons who is less than 6 feet in height. There are twenty-five grown grandsons and five grown great-grandsons, and every one of them is full 6 feet and over in height.

They have always lived in the mountains a few miles from Hendersonville, and follow farming for a livelihood. No record has been kept of the generations, but there are five living generations, and the families have been so that the descendants of this man, who is still living, if brought to this country would make a respectable sized *White Democrat.*

...Louis and Illinois and Nebraska and them.

Prohibition has cost the State of Iowa an average—including what she had and lost and what she would had without prohibition—of more than 2,000 population a week during a period of 260 weeks!

There is a record for the prohibitionists to contemplate with pride in their can.

Fortunate indeed is it that the rise of the Democracy and the reawakening of common sense among the people of that noble State now bids fair by a repeal of the prohibition statute to turn backward the tide of emigration from a commonwealth not free,—*Kansas City Times.*
