

convenient time, such a bill will be presented to the consideration of the legislature.

The committee further report, that much of the capital stock of banking and other incorporated companies, is now standing on the books of some of the companies in the name of an individual for the use of the State. The committee would recommend the passage of a law requiring the Treasurer of the Western Shore, to cause so much of the capital stock of the several banks and other incorporated companies, properly *belonging* to the State, to be placed in the books of the said companies to the "credit of the State of Maryland."

All of which is respectfully submitted.
