T H F Satisfiction You are pleased to express, at Your Reception in this Province, affords Us the greatest Joy, and encourages Us to perfish in Our Loyalty to Our Sovereign, Our Duty to Our Lord Proprietary, and You their favourable and worthy Representative, whereby We hope we shall be so fortunate as to preferve Your Esteem.

THE Honour and Service of Almighty GOD, and his Holy Religion, is what We have the greatest Inclination to promote; and doubt not but, with Your Honour's Assistance. We shall in I ways to encourage as well the Clergy as the Lairy, to be more Exemplary in their Lives

and Conversitions, than they now are.

THE Improvement of Our Staple, has often been attempted, tho' with little Success; but fince Your Honour is pleased to recommend it now to Us, We shall, in that and the other Things t ken Notice of in Your Speech, exert Our selves to advance the real Interest of Our Lord Proprietor and Country.

THE kind Caution You gave, concerning Or Publick Records, is what We shall always gratefully remember; and take Care to have the Records for fer separated, that both the Old

and New may not be subjected to Luss by one Fire, or other fatal Accident.

W E acknowledge our felves to be very much obliged to Your Honour, for to exmettly re-We assure Your Honour, We will follow the wholesome Advice given Us therein, as well as discountenince (to the utmost of our Power,) such as would create Misunderstandings and Differences between the Lord Proprietor and the People, being convinced that such are not Friends

to either, let their Pretences be what they will.

W E confess, that his Lordship has frequently declared his having the Good of the Province at Heart, and that he was resolved to support the People in their just Rights and Priviledges; and We question not the Sincerity of his Lordship's Intentions: Yet We cannot but with Grief observe, That such is the Power of the Enemies of our Constitution and Happiness, with his Lordship, that his most generous and best Inclinations towards us, have been frustrated by their milignant folluence and pernicious Counfels. This, May it pleafe Your Honour, is a melan-cholly Truth, und too manifestly proved by his Lordship's Differt to the Law prescribing the O the of Judge, within this Province, and the attempting to deprive Us of the Benefit of the E 1/jh Statutes, the elfential to the very Being of our Liberties and Properties. Should We pass these Things unregarded, or omit any Thing in our Power to trinsmit to Posserity the same Liberties We derive from the Liws of Our Mother-Country, and the ancient Rights of British Subjects, it would be in Infattation indeed, and such a Breach of Our Duty, and Treachery to track We represent, as would make Our Names and Memory of ious, and entail Infating, as well as Milery upon our Descendants. But We purpose (by the Divine Permission,) to avoid these Evils, by a fritisfil and resolute Discharge of our Duty, in supporting his Lordship's just Prerogatives, and Our just Rights; and confounding (as much as in Us lies) the Machinations and Artifices of the Enemies of Both.

We gratefully accept your Excelled our Thoughts upon the pleasing Prospect of a lasting Continuance of these inestimable steelings to the larest Posterity, under the Government and Protection of a numerous Succession.
