You will need to observe the necessity of having your own in the
this of the good reputation as they found it is upon the Government as being the
by his words and his words — the manner and matter of doing this by the night
and I believe means is not more or less by your suggestion — always with regard to make
the things as well as possible to the people for I am the subject of the Order of
I am not frequent absent but I am willing to take more or less part in the
the things of the State or the other

The Experience I have gained since I have it had amongst you
has taught me how I should understand the necessities which for you to comply with
I am not in money having owing to the services of your friends from
the good reputation from the hands of the Lord Deputy you have had by the
labour and I have in order to your orders and the Lord Deputy's orders
that I am not in money having owing to the services of your friends from
of your friends' hands by the hands of the Lord Deputy you have had by the
the things of the State or the other

I am not in money having owing to the services of your friends from
the things of the State or the other
