

By His Excellency the Governor and Upper House of Assembly, Dec. 24. 1716

Friend

Upon reading your tender message by Good Mr. Smith's and others His Excellency the Governor I am oblig'd to say that he has not receiv'd Quinine yet, but of the Dutch Agents for the said Company we are inform'd that the said Quinine is not yet receiv'd in Great Brittain. I have made search for the said Quinine among the Physicians of the Government in Europe

But this is the request of your Highness that the said Quinine should be procur'd to me, I will do my best to procure it, but I am sorry to say that I am not able to procure it for you, because the said Quinine is not yet receiv'd in Great Brittain. I have made search for the said Quinine among the Physicians of the Government in Europe
