Col. Tilghman from the Upper House Delivers Mr. Speaker the following
Message viz^t - By the Upper House of Assembly Aug^r the 5th 1721
Gent^l Towne the Squaga and George King of the Tuckaroras came after some time
to the Governour and Council and seemed well disposed to peace and to make satisfaction
for the horse they had shot and some other small matters they had taken from
the English men they requested but it was thought much more proper after they had
showed their willingness to take the burden thereof from them upon the publick
it was thought it would seem more generous and would be a good way to a good trade
that might happen on their cooperating their commodities and tender calling the
poor man's horse which was then accordingly promised and they very thankfully
accepted wherefore we propose your agreeing to an Order for the making
satisfaction out of the publick at the laying the Levy

Signed of Order John Beale Clerk of the House
