

Have not Joyned with the Majority of that people in their late  
Ambitious & tenacious yet whatever provocations they last have given  
me; I shall now make them no other return but to Complain  
their Mistakes and to Conjure them from their own peace to live quietly  
and in their never yet disturbed Habitations under the  
protection of this Protestant Government without Intermeddling with  
the Ministerial part of it, or draw the resentment of the Law on them by  
their furious and Mistaken Zeal in making Proselyts to their Religion  
of which theirs is but Cause to Complain, and I can assure them, they  
are not to hope for other terms from the Lord Proprietor when of age,  
For that Noble Youth has solemnly promised to make the Law,  
Justice, Clemency, and Loyalty the Standard of his Government.  
These are pious wise and Manly Resolutions. And this Lord  
has given me leave to assert (which I do in his own words) that his  
actions will always correspond with his Declarations, such  
gracious Expressions, from his Lordship give me with a real pleasure,  
I could not with a happier exit to my Care, and I doubt not after  
the Test of years to come, it will be found, I have been contending  
for his Lordships true Honour and Interest, as well as the peace and  
prosperity of this flourishing Province.

And I do most heartily Congratulate you on the fair  
prospect you have of both before you - and may the bounty  
of Heaven preserve and increase these blessings to you, till time  
is no more.

Gentlemen of the Upper and Lower Houses,

I am informed that since the printing the Laws  
of this Province, the act commonly called the Repealing act,  
which you will find in the printed volume Page 170, has created  
a doubt in the minds of many as if the act had repealed the Law  
made that Session.

It must be acknowledged, that act is not so clearly and well  
expressed, as it might and ought to have been - But as the perplexities  
that are raised upon it, may prove of evil consequence, It lies  
upon you to make such an Explanation, as shall remove all  
contests that may arise in argument on it.

The lives and fortunes of the Subject depending so much on  
the Integrity & Capacity of Jurys, I offer it to your Consideration whether  
the Laws make a sufficient provision for the returns of Jurys, and  
whether those Laws are well executed or not, and as you are by  
the Lord Proprietors Charter, to come as near as possible to the Laws  
and Customs of England, I propose it to you to follow their  
Example, where no Comoner is thought too Good to serve his Country
