ABINGDON CHARGE
HARFORD COUNTY

Cokesbury Memorial, Abingdon, MD
Calvary, Churchville, MD

Until 1980 Cokesbury Memorial and Calvary shared the East Harford Circuit with Smith Chapel. Records of East Harford Circuit have been filmed by the Hall of Records and as a consequence some records are duplicated here. The earliest records for the circuit are found on microfilm M 1132 and M 1133.

In 1980 the Baltimore Conference established the Abingdon Circuit with Cokesbury and Calvary the constituent parts. Smith's Chapel, near Churchville became a separate station.

The Rev. R. Dennis Schultz has written a history of Cokesbury Memorial Church, the parent congregation of Cokesbury College which stood near it from 1785-1795. On July 3, 1784 John Paca sold the land surrounding the new meeting house to the trustees for the use of the people called Methodists. The Christmas Conference of 1784 voted to build Cokesbury College, next to the Abingdon Church. On June 5, 1785, Bishop Asbury laid the cornerstone for the College building.

In 1841 Abingdon Church obtained the surrounding land for its use. In 1896 a new chapel was built on the same foundation of the old chapel. In 1940 the name was changed to Cokesbury Memorial Methodist Church.

Calvary Methodist Episcopal Church was constructed on land given by the Richard Webster in 1821. Webster Sr. was the first clergyman of Smith Chapel. From time to time Smith Chapel shared East Harford Circuit with Rock Run, Bush, Gunpowder, Abingdon, Garretson, and Calvary.

Dear Mrs. Ball:

With reference to your inquiry of a Lot in our Cemetery for which you have a deed dated 1884 in the name of Mr. Cardy for Lot No.8 in Row 9.

It would seem from our records,which to my knowledge date back to 1911,that this lot has been carried in the name of Mrs Harry Hardy which may be the reason no unkeep has been paid. This is the same name that shows on our plot which was made by a surveyor in 1912.

I have had the job of Secy. and Treas. for about two years and according to the ledger set up in 1953 there is $31.50 due in back upkeep which now is $2.00 a year for a 8 x 16 ft lot. Or if paid up this lot could be put under Perpetual Care for $100.00.

If you care to return to the Trustees of the Cemetery the Deed of this lot I feel some remuneration could be made.

From my inspection there appears to be no graves in this lot.

Truly yours,

Charles S.Sewell,

Dear Mr. Sewell:

As you know, Miss Helen M. Baker died yesterday and her funeral will be held tomorrow. Mr. H. K. McComas has probably been in touch with you about this.

When I spoke to your wife yesterday, I fully intended to be there for the funeral, but my plans have had to be changed and I find that I will not be able to come down. I wanted, particularly, to discuss with you perpetual care for the plot where Miss Baker's remains will be interred. Some time ago you told me that the cemetery would undertake perpetual care of this plot for a one-time payment of $200, and if this offer is still in effect, I should like to accept it for the Baker plot. At your convenience will you let me know about this?

Mr. F. Eugene McComas, Secretary

Dear Mr. McComas:

Thank you very much for your recent letter concerning the burial plot for Miss Helen M. Baker. I am glad to know that there is a grave there for Miss Baker and that when she passes on we will be able to use it for her remains.

With reference to the $200 charge for permanent care and maintenance of the plot, I do not feel that I would be justified in drawing on Miss Baker's small account for an amount this large, particularly in view of the fact that there are so many other members of her family buried there and certainly some relatives other than Miss Baker must still be alive. I believe you mentioned this in previous letters to Mrs. George F. Baker, and I am sorry that those people have not seen fit to continue paying for the annual maintenance of the plot. However, the $4.00 annual charge seems to me reasonable, and I am enclosing Miss Baker's check for that amount which I understand brings us up to date on the care of the graves.

You will probably be interested to know that shortly after the first of the year Ward & Bosely, our real estate agent in Bel Air, is going to sell Miss Baker's property in Abingdon at public auction. It may be that at that time I will be able to go to Abingdon again, and if I do, I shall try to drop in on you.

Mrs. George F. Baker
67 East 93rd Street
New York 28, N.Y.

Dear Mrs. Baker:

Last year I wrote Mr. Little about the old Pomeroy estate which is located in the town of Abingdon. I pointed out that, in my opinion, some disposition should be made of the property if at all possible. He replied and stated that he would take the matter up with you or Miss Helen when he could. No further word was received.

There are two reasons for my interest in this property. One is that one of the lots belonging to the estate borders on Market Street which is just across from the Cokesbury Memorial Church property and the church would like to acquire same if it could be arranged. The other reason for my interest is because of the fact that all of the property has remained uncared-for so long that it is overgrown with scrub trees, honeysuckle and poison ivy so badly that it is definitely a detriment to the community and a menace to bordering properties due to fire hazard in the dry seasons.

Realizing that no one has visited this property in many years, I do not mention these facts in a critical manner, but just so that you mightkknow of existing conditions. For further information I have enclosed a penciled sketch of the area near the Pomeroy estate and shaded the area belonging to the said estate. For reference, I have numbered the sections bordering on the roadways as numbers 1, 2, and 3. The small box with the X in front of number 2 is the approximate location of the Pomery house.

I have also enclosed some photographs to give you an idea of the heavy undergrowth. You will find references on the back of these photographs.

It would be an asset to both the community and the estate if this property could be cleared. It would be rather costly to do this. It would probably cost about $500.00 just to cut the undergrowth and possibly $1,000.00 if it were grubbed out as it should be for easier future care.

I remember the property as it was years ago. At that time it was one of the show places of the County. Miss Helen had my father look out for the property, and when it was closed, he would look it over ever so often to check on needed repairs. He also took prospective buyers through the house. During this period, whenever the house was unoccupied the wooden shutters were closed for added protection.

Mr. F. Eugene McComas, Secretary
Cokesbury Memorial Cemetery
Abingdon, Maryland

Dear Mr. McComas:

I am sorry that I did not get to see you when I was in Abingdon some weeks ago. However, here is a matter I wanted to discuss with you concerning Miss Helen M. Baker.

In your letter to Mrs. George F. Baker, dated August 19, 1953, you mention Lot No. 66 which is an eight-grave plot and in which at the present time, seven of the graves are filled. Will the remaining grave be available to receive Miss Baker's remains and what papers, if any, are necessary in order to bury her in the remaining grave? I hope that you will be able to tell me that a minimum amount of paper work will be necessary, assuming that the remaining grave is for Miss Baker.

I have received a power of attorney from Miss Baker, and I believe she would want the plot maintained in a fitting manner; and in this connection I should appreciate it if you will advise me of the amount due at the present time for the care of Lot No. 66.

Very truly yours,

Dear Mr. McComas:

I am financial secretary to Mrs. George F. Baker with whom you have had some correspondence concerning the 27 acres of vacant land owned by Miss Helen M. Baker. In this connection I have recently met with Mr. George A. Little of Hammondsport, New York, who has turned over to me your letter of June 13, 1952, concerning a possible purchase of some of Miss Baker's property by the Cokesbury Cemetery.

Miss Baker has finally agreed to dispose of the entire 27 acres and I am planning to be in Abingdon on Monday, November 2, at which time I would like to meet you and discuss this situation further.

Sincerely yours,

Charles A. Dunn

Will you kindly explain what it is for and also what the "L. P." stands for? She would like the full name.

Dear Mrs. Baker:

With reference to the bill sent you for care of a cemetery lot in Cokesbury Memorial Cemetery, I would like to advise that I have looked into the account further and find that the L. P. Pomery in an error and the initials should be E. P. for Mrs. Elizabeth Polk Pomeroy.

Mr. William H. Sewell was treasurer for about forty years and took care of the records until his death last year. In checking the account I find that it was in the name of Mrs. Pomeroy, but the lot on which she paid belonged to the Garrettson and Billingslea family and is shown as lot No. 66 on the cemetery plot. Miss Helen Baker's brother Robert L. Baker is buried in this lot and from the inscriptions on the other stones, I believe that her mother and grandparents are also buried in the same lot.

This is an eight grave lot and has seven graves in it, leaving one space vacant next to Robert L. Baker. For your information, the lot contains the following graves:

Robert L. Baker -
Ethlin H. Baker - Daughter of Bennett M. and Elizabeth Freeborn Billingslea
Bennett M. Billingslea
Elizabeth Freeborn Billingslea
Thomas H. Garrettson
William E. Garrettson
James A. Garrettson

There are four other lots shown on the plot belonging to the old Billingslea family. These lots are numbered 69, 70, 71 and 72 on the plot with three of these lots bordering the lot No. 66 in which Miss Helen's brother is buried. No one has paid for the upkeep on these lots since 1936. Mr. J. M. Reifsnider, Adrian, Michigan paid on these lots for a period and then Mr. Robert K. Billingslea, Westminister, Maryland, paid the upkeep until 1936. Apparently these are related to those buried in lot No. 66. Should you know how we can contact any of the survivors in this family and would advise us, it would be greatly appreciated. As a matter of information, I also copied the names from five of the latest stones in these lots as follows:

Maria M. Waltman - Daughter of William and Elizabeth Billingslea
Mrs. Sarah Stephenson - " " " " " "
Eliza Billingslea
Elizabeth Billingslea - Wife of William Billingslea
Sarah Elizabeth [redacted] Daughter of James and Elizabeth Billingslea

Should there be any further question, do not hesitate to call on us.

I have been on a short vacation, just returned, received your letter of June 16th. It confuses me a little, the letter is addressed to the Churchville Presbyterian Church and the envelope to the Cokesbury Memorial Methodist Church??

We did purchase a Bolen Riding Mower this year and we like it very much.It is wide enough to cover the ground but not too wide to get between stones,trims on both sides and has good traction,wide tires.

Dear Ms Cornes:

In reply to your letter of October 22,1972 with reference to your Cemetery Lot No. 44 which is an eight grave lot located in the Old or South section of the cemetery.

As we are fast runing out of space we will only sell space by the grave (4 ft X 8 ft) at a cost of $150.00 per grave site. A four grave lot will cost $600.00 of course this includes the Perpetual Care.

The only available Lots now are located about 50 ft east of your Lot #44 or in the North Section on the Abingdon Road side.

Trusting this information is sufficient, I remain

Sincerely yours,

Charles S.Sewell,
Sec. & Treas.

Dear Mr McComas:

Upon receiving your letter of April 14th in reference to the care of our lot in Abingdon Cemetery.

Have decided to placed our lot in perpetual care and enclosed find check for $200.00 covering the charge for perpetual care.

My late husband and I had often talked about having this done, but like many people do, we dis-talking about it. And I am very grateful you brought it to mind, and after reading about Mr. Chandlers wholemisfortune, the conditions there of, I am so sorry and only wish it were possible for me to do something about it, but since my husband died, I have no income what so ever. I am indeed surprised to learn the Masons have dropped the payments for the lot care, as his wife + daughter still survive

Again, thanking you so much
for bringing this matter to attention,

Yours truly

Dear Sir:

We have an order from Grand Lodge for placing an inscription on the monument located on the lot inwhich OLIE CHISHOLM is interred. This party passed away April 25, 1959 and is interred in lot #8, west half.

We are enclosing herewith a piece of rubbing paper. We would appreciate it if you would place this paper over the present inscription on the monument, placing the blue side on the surface and make a rubbing by rubbing lightly with a handkerchief or cloth. This will give us the necessary information for duplicating this inscription.

Your cooperation in this respect will be greatly appreciated.

Very truly yours,

Mrs. George L. Chisholm

Baltimore 7, Md.

Dear Mrs. Chisholm:

Your recent letter to Mr. W. H. Sewell was turned over to me sine Mr. Sewell passed away about a year ago, and I have been appointed to succeed him as Secretary-Treasurer of the cemetery.

In answer to your question concerning the depth of the grave, this matter was taken care of by Mr. Armacost, the funeral director, just last week. I have been advised that the grave was deepened to allow for two burials.

Since I am writing you about your lot, I would like to take this opportunity to mention placing your lot under perpetual care. We are endeavoring to have as many lots placed under perpetual care as possible. Perpetual care eliminates further payments by the lot holder and guarantees that the lot will always be cared for. Perpetual care for your lot would cost two hundred dollars ($200.00).

Our past experience has proven that in many cases there is no one who will accept the responsibility of paying for the upkeep in years to come. We have many such accounts now and still caring for these lots even though we are unable to collect for the work. This reduced income prohibits us from making needed improvements.

A good illustration of this is in the case of the Charles H. Chisholm burial lot. For a number of years after Mr. & Mrs. Charles Chisholm entered the Masonic Home at Bonnie Blink the Grand Lodge paid for the care of their lot, but since 1950 the Grand Lodge has refused to make further payments, therefore, we must continue to pay for the care of their lot without reimbursement.

Please understand that this is not your responsibility and we do not expect you to do anything about it. It is just being used as an illustration of what acutally happened.

The only sure way to prevent this from happening is to place lots under perpetual care. In order to protect against such cases we have found it necessary to discontinue the practice of selling lots without perpetual care. All lots now being sold are so covered.

We hope that you will give this serious consideration.

With best wishes to you and yours, I am

Very sincerely yours,

F. EUGENE McCOMAS

Dear Mrs. Crue:

In January of this year the Trustees of the Cemetery raised the cost of Perpetual Care of an eight grave lot to $300.00. However, inasmuchhas the cost of $200.00 was given you by Mr. McComas I am authorized to accept that amount providing it is paid before the end of 1968.

The cost of labor and machinery has gone so high the Trustees were obligated to increase both the cost of Lots and the Perpetual Care to keep the cemetery operating.

Mr. John C.Frasch
128 E.Broadway
Bel Air,Md.

Dear Mr. Frasch:

Reference to your conversation about transfering half of your lot to another party. This is what could be done.

Give us (the Trustees) a letter authorizing us to transfer one half of your lot to the party you name.

It will then be necessary for that party, under the present regulations to pay the Perpetual Care on that half which would be one hundred dollars $100.00. The upkeep would then be $2.00 per year,on your half.

You should give consideration to your monument. As it sit in the middle of the 16 ft. by 16 ft. lot, the other party may at some time want to move it. This should be in writing. Mention all these things in the authorization given and give the other party a copy.

If any more information is desired please let me know.

Truly yours,

Charles S.Sewell,
Sec. and Treas.

Att: Board of Trustees of Cokesbury Memorial Cemetery.

Dear Gentlemen;

When I went to acquire a lot for my wife in your Cemetery last January, I understood and was under the assumption that I would be free to place a tomstone there. I was led to believe this by the fact, that just about every grave is marked by a tomstone and when examining the the lot,tombstones were mentioned and Mr. Sewell said that they are allowed but only with your permission.

It was the wish of my wife on her death bed, not to be buried in a place where tombstones are not permittdd.

I was reminded today, that placement of a graveston must be approved by the Board, and so Gentlemen, I now ask your permission to erect a tombstone for my wife. I and my family would be very grateful to you for helping fulfill my wife's dying wish.

Sincerely Yours;

Fred J. Fiala and family.

Dear Mr. Fiala:

You are hereby directed to remove the excess sod and dirt you have mounded on the grave of your wife and replace the sod to maintain a level surface in keeping with the rest of the Cemetery and as a policy of the Trustees.

You are requested to remove all plastic and rooted flowers or schrubs any of which will obstruct the normal cutting of the grass.

Please accomplish this within the next two weeks as grass cutting time is fast approching. Failure to accomplish this will require us to do so for which you will be billed.

Trusting this will be accomplished without delay, I remain

Mr. George B. Gray

Baltimore 13, Md.

Dear Mr. Gray:

In consideration of the payment of one hundred dollars ($100.00), the Board of Trustees of Cokesbury Memorial Methodist Church Cemetery agrees to place, under PERPETUAL CARE, the four graves on the north side of lot number 8, row number 15, as shown on the plat of said cemetery. The four graves so covered constitute that one-half of lot number 8, row number 15, originally titled to Litzinger and Gray which borders on lot number 7 for a distance of sixteen (16) feet (lot number 7 is deeded to C. A. Hanna).

Said Board of Trustees further agrees that upon payment of the enclosed bill for the sum of one hundred dollars ($100.00), the one-half lot described above shall immediately be covered by PERPETUAL CARE; said bill will be receipted and returned to Mr. George B. Gray for his record; that a perpetual care marker shall be placed on said lot at the expense of the cemetery; and that Mr. Gray will receive no further bills for the regular upkeep of these four graves.

Also I would like you to send me bill covering care of lot in the name of William B Litzinger (deceased). There was some misundering about that lot and in all these years Mr Litzinger never received a bill for the care of the lot. I understand from Mr Gray that the lots had been properly divided. Mr. T. Albert German:
200 Twin Caks Road,
Linthicum, Md.

Dear Mr. German:

According to our records burial lot No. 7 in row No. 6 is deeded to Mrs. Belle German. The deed was transferred to her at her request and now we would like to know who will accept responsibility for the cost of taking care of this lot.

At the present time we have your name on our account as the responsible party because it was understood that Mrs. German had lived with you. Please advise us if this is not correct so that the proper person will receive all future bills.

It becomes very difficult for us to keep track of the correct person to contact and because of this we are making every effort to have all lots placed under perpetual care.

We are trying to keep the cemetery in good condition and find that it is quite expensive to do so. Therefore, we must continue to try to collect all outstanding accounts.

From our experience we believe that all relatives and heirs are more than willing to pay their just debts where the care of the burial plot of their loved ones are buried is concerned, and that they definitely do not wish to pass this cost off on other loyal church people.

Your assistance in helping to straighten out this account will be appreciated.

Very truly yours,

F. Eugene McComas

Dear Mr. Moulsdale:

On May 22, 1975 our son Mark was in a fatal automobile accident in Wytheville, Virginia. In our hour of need and sorrow, we were offered four burial lots in the Cokesbury Memorial Methodist Church Cemetery, Abingdon, Maryland for which we are extremely grateful. The lot of ground eight feet by sixteen feet designated as Lot No. 6 (east half) in Row No. 9, in Section No. North, was conveyed to us on May 23, 1975.

On June 2, 1975 we received from the Trustees of the Cokesbury Methodist Church Cemetery a certificate of ownership for Lot No. 6 (east half) and a copy of the cemetery operation rules of April 27, 1972. In accordance with Rule No. 7, "Four and eight grave lots will be permitted one monument and a flush marker for each grave", we are requesting permission and approval to place one monument for the four lots and a flush marker for each grave.

Your prompt attention to this matter will be greatly appreciated.

Dear Mr. and Mrs. Hladky:

The Board of Trustees of Cokesbury United Methodist Church Cemetery met last night to consider your request to place a monument on your four grave lot, Lot No. 6, Row No. 9.

You may recall that when your lot was purchased, Mr. Charles Sewell informed you that only flush grave markers would be permitted. Your lot is located in a new row of the cemetary, and it has been the policy of the Trustees to prohibit raised monuments in that new section. Last night, the Trustees decided to uphold that policy, and therefore, we must respectfully turn down your request. I am sorry for your sake that this decision has been made, but I concur with the policy of the Trustees. The ever-increasing cost and difficulty of maintenance of lots with raised markers has made this policy a necessity.

If I can be of further assistance to you in this matter, please let me know.

Sincerely yours,

Dear Byron, Howard and Skip:

I am enclosing a draft of proposed amended Cemetery Operations Rules and a draft of a proposed Certificate of Ownership along with copies of existing rules and certificate.

After reviewing the law as it applies to cemeteries and the Certificate of Ownership as presently used, I recommend adoption of the proposed draft. It is questionable to me whether all of the Rules as presently adopted can be enforced in a court of law. While the law is clear that cemeteries might make general rules and regulations for the management of the cemetery, it is clear in Maryland that special rules cannot be made which would derogate from a prior grant of ownership. It has been held that the grant of the right of sepulture generally carries the right to erect monuments over graves therein subject to the rules of the cemetery. Unless there is a specific reservation by the cemetery in the deed I do not believe very rigid rules governing the erection of monuments could be enforced at law.

The new Certificate of Ownership specifically states that the lot owner takes title subject to the charter, by-laws, rules and regulations of the cemetery "now in force and effect, or as hereafter adopted from time to time"

Most of the other changes made in the Certificate are matters of form only. I did clarify the clause on perpetual care to state that it shall be made subject to the income limitations of the Trust Fund.

Further, the proposed form embodying the rules was changed to require that the lot purchaser signifies his agreement to the rules by placing his signature thereon.

The proposed rules will certainly create much more paperwork since they will require the cemetery manager to keep a copy of the rules signed by the lot purchaser and require a more formal submissionand approval of monuments and markers. However, the recent problem arose partially due to indefinite rules.

The preamble paragraph was added to indicate that the Trustees as a body do not need to give the written consents required but that such authority may be delegated to whomever the Trustees designate to manage the cemetery.

Old Rules 2,5, and 7 were rewritten to require written consent of the Trustees in New Rules 2,4, and 5 respectively.

The second sentence was removed from Old Rule 4 and New Rule 9 added. Hopefully, the Trust income will always provide for the care of the lots, however, someday it may not because of low interest rates and high maintenance costs. Consequently, New Rule 9 states it is the intention of the Trustees that perpetual care will be provided from the Trust Account income.

Old Rule 7 was rewritten as New Rule 5 to reflect the policy of the Trustees adopted December 19,1975, permitting one monument for four and eight grave lots. I also provided for a formal written submission and written approval of all monuments and markers.

Old Rule 8 (New Rule 6) is indefinite to me since I was not sure what the Trustees intended to do if a marker is not placed as required, so I provided a possible solution. Even so, it is questionable whether the charge for the marker placed by the Trustees could be enforced against anyone except the lotowner's heirs and assigns. Same for Old Rule 9. (New Rule 7)

It is also questionable why Old Rule 10 is there so I removed it. For the future, the proposed rules will apply only to new lot purchasers who must be church members prior to purchasing a lot and getting a copy of the rules unless such lot is transferred to someone in the family under Rule 3 who is not a church menber.

New Rule 8 was added to allow for correction of mistakes and to avoid liability therefor. New Rule 10 was added to assist in administering the cemetery records. New Rule 11 was added to give the needed flexibility.

Because of the lack of reservation in the deed and the failure of the rules to provide for changes, the Trustees may attempt to have all new rules apply to the whole cemetery although it is doubtful all of the rules could be legally binding on existing lot owners.

Other questions which should be considered are:

A. What is an "infant"?
B. What is "immediate family"?
C. What is done with lots when care payments are not made?

Certainly, my drafts are not in any way complete and may be more than you desire, but I thought they may be a good starting point.

Very truly yours,

Bill

William H. Sewell

Dear Ms. Brown:

I am writing in response to your letter of September 10 to Mr. Charles Sewell of Abingdon.

After discussing your request with Mr. Sewell, we have decided to sell two graves in the Cokesbury Cemetary to you or to your sister, Ms. Evelyn Zukowski. The graves would be located in gravesite #81, adjacent to gravesite #80, and would be in the same gravesite as your mother's grave.

It must be understood that this offer to sell two graves depends upon the following conditions:

1) that you or your sister agree to abide by the rules of the Cokesbury Cemetary; and
2) that the graves be paid for in cash at the time of the transaction.

If you wish to accept this offer, you should make the necessary arrangements by contacting Mr. Sewell.

We at Cokesbury feel that this is a fair and just solution to your request. We hope that this offer will be acceptable to you and the members of your family.

Sincerely yours,

Byron P. Brought

Re: Mrs. Gloria DuFour Sagor Jacobs

Dear Mr. Sewell:

I am in receipt of a letter from Mrs. Jacobs sent from Germany with reference to Lots 80 and 81 in your cemetery.

Included in the letter was the attached bill from Howard K. McComas & Son which indicates that she paid a deposit of $35.00 on Lot 81. It is my understanding that your company has refused to sell her lot 81, since she does not comply with the rules of the cemetery. Since she has been denied the sale of Lot 81, would not the $35.00 be refundable to her?

I would appreciate your comments and consideration on her behalf.

Your letter of April 18,1973 received together with your check in the amount of $115.00, the same check which is returned herewith.

Enclosed herewith is a copy of the operating rules as adopted by the Board of Trustees on April 27,1973 which directed me as Secretary to sell space for burial by the Lot at a cost of $150.00 for each grave. The four graves in Lot 81 would cost $600.00 including the Perpetual Care.

Inasmuch as you have not seen fit to comply with the rules of the Cemetery by removing shrubs, plastic flowers and figurine, and failed to keep head markers in line. I see no reason the Trustees should ask for more trouble by selling you any graves at any price.

I wish you Bon Voyage.

Dear Mrs. Hornbarger:

Reference is made to the returned Cemetery Bill and the note thereon.

I just received the books of the Cemetery about two months ago and there are very few of the lot holders I knew personally. I regret any inconvenience I may have caused you.

Your lot was deeded to your husband and upon his death it became yours, the deed to a lot in this Cemetery can be transfered only with the permission of the Board of Trustees. We will be glad to contact your step-daughter if you give me her address and she agrees to accept responsibility of the lot a new deed will be issued.

Surly you can understand the Board must keep this type of control over the cemetery to maintain the high standard of cemetery which we think we have here at Abingdon.

Dear Sir:

Inclosed you will find Money Order for $4.00, for care of Cemetery lot for 1955, also I am asking permission to plant a flower on my mothers grave The plant is a rosebush that I have grown especially for her as it was a favorite of hers when she lived. & I would like to put it there to bloom for her now. Kindly Receipt bill + return.

Mrs. Catherine Hornbarger
Edgewood
Md.

I am sorry that it has taken so long to reply to your letter of August in which you requested permission to plant a rose bush in your ~~lot~~ cemetery lot.

There is a post rule regarding such planting and the decision must be made by the Cemetery Trustees. It so happened that ~~the meeting~~ a scheduled meeting of the Trustees was postponed and no meeting was held following receipt of your letter until December 1955.

Your request was considered and permission granted under the following condition. That the bush should be planted at least 24 inches from any monument or stone to facilitate ease of mowing the grass around it. The bush must be cared for and trimmed by the lot owner. Should the ~~bush become a detriment to~~ Board of Trustees ever decide that the bush had become a detriment to the cemetery, it will be removed by or at the expense of the ~~owner~~ lot owner.

Our past experiences have proven that such ~~conditions~~ restrictions are necessary for all future planting in the cemetery because whenever bushes or shrubbery are planted it takes extra labor to trim around them and not only is the cost of labor higher than ever, but it is difficult to find the types of labor who will do a satisfactory job and take care of the cemetery equipment.

We hope that our decision as stated herein will meet with your approval.

Very truly yours,

Dear Vic:

Your attention is directed to the flat bronze marker recently placed in your lot.

I don't know who installed the marker but it is some-what unsightly. The base is too large and the edges uneven, neither is it straight. The Trustees would appreciate your correction of this condition.

Also there is an unusual amount of planted flowers in the lot which require a lot of trimming. Kindly remove all but the evergreen by next spring.

There is a low spot at the north-west corner but we will fill this in and plant grass seed.

Enclosed are a copy of rules adopted by the Trustees in 1962. These rules were set up in the overall interest of all the lot holders.

COKESBURY MEMORIAL CHURCH

August 24, 1948

Dear Mrs. Wanna:

I have looked into the matter concerning the Jeffery and the Keith cemetery burial lots and am pleased to quote you on perpetual care on each lot. The Jeffery lot is an eight grave lot and the Keith lot is a four grave lot. The cost of perpetual care on the Jeffery lot (the eight grave lot) would be two hundred dollars $ 200.00) and on the Keith lot one hundred dollars ($100.00).

These costs were established in January of this year and was based on relative costs and present conditions.

It is our aim to have as many of the existing lots placed under perpetual care as possible and to include perpetual care in the sale of all future lots. The bookkeeping required to keep records under the past system has become quite extensive, requiring bills to be mailed and records kept on all such transactions.

We sincerely hope that you will place these lots under perpetual care at an early date.

Dear Miss Hanna:

Mr. McComas passed on to me your letter of September 7, 1963 concerning the markers in the Cemetery.

I have looked over the lot after receiving your letter and although we would like to limit the number of markers we want the lot owners to be satisfied.

If you put in a foot m[redacted]r similar in size to the others in your lot would you agree to moving the head marker for the infant "Mab[redacted]" a little to the west so it would be in line with the other stones and the one you will be placing there, also we would like to remove the foot marker to the same infant grave. All of this would give a mush better appearence of the stones being in line and would not require so much trouble cutting the grass around uneven markers.

Trusting this suggestion meets with your approval, I reamin

Truly yours,

My dear Mr. McComas

As you have probably noticed the lettering marking Mrs Esther Hanna's grave in the Hanna lot in Cokesbury Cemetery has been completed

My family and I think that it would be well to mark my sister's grave & I would like permission from the cemetery committe to place a very small stone (similar in size etc. to the foot stones in the lot) at one end of the grave

Will you please contact the cemetery committee (I think you are one of the dozen) for me & ask their permission to do this And may I have an answer as soon as its convenient to you?

Thank you. Sincerely Mary E. Hanna

Dear Mrs. Hayes:

With reference to your conversation the other day with Mrs. H.K.McComas concerning the Bloom Lot in Cokesbury Cemetery be advised the Cemetery keeps no records of who is buried in the Lots, nor are we responsible for markers on the graves.

We do require that the responsible member of the family who has the deed and pays the upkeep of the lot give their approval for burial and meet our requirement that the one being buried is a member of that family owning that deed.

The owner is expected to know what spaces are vacant or if there is a desire or a request to bury at a given point and remains of a previous burial are discovered these are placed in a position under the requested burial.

There are no restrictions against double burials, that is one on top of the other. It may cost you more to dig one grave deeper if vaults are used.

Any arrangements for burial should meet the approval of Mr. Walter E.Bloom who I under tand is your brother.

Sincerely yours,

Dear Mrs Hartman:

Be advised a study of our records produced the following information.

July 5, 1957 Phillip R.Jackson was buried. July 15,1957 payment of $10.00 was received (thru the Undertaker) from Mr. William E. Jackson.

August 16,1958 David Y.Mullens was buried. The same date we received $15.00 (thru the Undertaker) for the grave. No record of who paid this bill.

The cost of these graves would indicate both were infant graves.

We have no record of the exact spot of these burials but if you wish a spot may be selected in the area and permission granted to put a flat marker level with the ground and not larger then 8" X 14".

Trusting this meets with your approval.

Mr. Charles S. Sewell, Sec.- Treas.
Cokesbury Memorial Cemetery,
Abingdon, Maryland.

Dear Charles:-

Confirming our recent conversation it is my intent and desire to transfer one-half of my Lot located in Cokesbury Memorial Cemetery to Charles E. Hornbarger Sr. whose present address is Box 150 Star Route Edgewood Md.

This Lot in question, according to my Deed dated October 22d. 1914, is described as Lot # 9 Row # 15 .

It is my understanding before this transfer can be made it becomes necessary to place same under "Perpetual Care", which has not been the case up to this writing. Therefor, you will find enclosed my check for $ 200.00 which should take care of the entire Lot,- that is, the part that is to be transfered and the half that remains for my use. I would like my "Deed" so marked or some other means of recognition for my records, if it is possible.

In closing, I would like to ask that he be given his portion on the south side, next to the Hornbarger lot owned by his mother, if this is agreeable to management of the Cemetery.

Very sincerely,
John C. Frasch

Mr. Wm. H. Sewell
Secretary of the Board of Trustees of Abingdon Methodist Cemetery
Abingdon, Harford Co., Maryland

Dear Mr. Sewell:

Will you kindly let me know if you still have for sale any adjoining lot to my father's? Dad, Clarence E. Knight, has lot one (1) in row number twelve (12) each side new section. His lot is 8 by 16.

And if you haven't still an adjoining lot for sale, please let me know if you have anywhere else in your cemetery a lot or single grave plot I may buy, and the price of same. I suppose you do still have a number of lots for sale in the new section.

Please also let me know your charge for having a grave dug (or "opened" I believe is what it is usually termed), and furnishing the "greens" (that that they cover the piled up dirt & part of the inside of the grave with) and the automatic lowering device for the casket. Also your phone number that I may phone you when I want a grave opened.

I have an aunt who is very ill. A nurse said a week ago it might only be a matter of hours. However, she is able to eat again and so may manage to live considerably longer though already 96. But in the event she does pass on soon, I'd like to be ready, nevertheless. And since it is inconvenient for me to come to Abingdon, not having an automobile, I'll greatly appreciate it if you'll write giving me the above information.

Thanking you, and with very best regards, I am

Very sincerely yours,

Elsie G. Knight

Dear Mr. McComas —

I am sorry for the delay in replying to your letter of June 13th, but I had hoped for an opportunity to get down to New York to see Miss Baker, and if possible discuss with her the matter of the property you mention. You will understand that I have no power of atty. or authority to handle her affairs but have simply been trying as a friend to help her in such matters as I could.

In the meantime I have sent your bill for cemetery upkeep down to N.Y., and trust that by now you have received a check in payment.

Affairs have kept me tied to the place here and I haven't had the chance to visit Miss Baker, but hope to do so before so very long, and will be glad to write you further concerning the property, if anything can be done. I have an idea that Miss Baker would prefer to have the site used as you suggest than commercially.

Oakesbury Memorial Methodist Cemetery

The Cemetery Trustees wish again to invite all Lot Holders to seriously consider placing your Cemetery Lot under Perpetual Care. Only about 10% of these Lots are not under Perpetual Care. We strive to have all under this care.

Another reason this should receive your prompt attention is the high cost of maintenance. The cost of labor and equipment seems to continue upward to the point where, before the end of the year, it will probably be necessary to recommend that the Board of Trustees approve an increase in the yearly maintenance charge, the cost for new lots and the amount charged for Perpetual Care. There has been no increase in these charges for over twenty years.

There are some lots on which no upkeep has been paid for over forty years and some on which no one claims responsibility; it may be necessary for the Trustees to reclaim these lots for resale as lots or single graves.

The Trustees will be glad to consider these matters with anyone.

Sincerely yours,

Charles S. Sewell

Dear Sir,

I am interested in buying a cemetery lot of four graves in Cokesbury Cemetery. Do you have a diagram copy you can mail me - with price list?

When are you free to talk or to meet me at Cemetery when I decide on the lot.

Do you have a printed form to be filled in for what is included in perpetual care?

If you mail a form of lots
will you mark Rev. Dawsons lot

Dear Charles,

I have moved again to another apartment. The rents here are high and it is hard to find one that fits ones income bracket.

I didn't know whether I should come back to you for the final decision or go direct to the Matthews' Company. Being so far away it is a problem to decide which is the proper thing to do. So - if you have no objections I will appreciate it if you will follow through for me. However, if for any reason you would rather not do it, "I know you must be busy," please feel free to return the enclosures.

There is enclosed the information and the check, and the selection is, "The GRAPEVINE".

Give my love and best wishes to Phoebe and Nina and all our friends in the church and I thank you very much for ~~your~~ kind consideration.

Attention: Mr. Charles S. Sewell

Dear Charles,

I am finally settled in a small apartment of my own. It is lonely but I am trying to get interested in church work, which also brings back a lot of memories. It is truly a testing of ones faith, but I am hoping that time will ease the pain. How often have we been told that faith in God and time is a great healer.

I hope every thing is going well at Cokesbury and that the folks there have escaped most of the problems that seem to plague everyone these days.

I just recently re-read the "Cemetery Operation Rules," and it looks as though I have neglected something that is very important. I did not get a marker or plaque for my husband's grave.

Could you find out about the cost of a suitable marker and the installation and let me know so that I can get the money together before it is due. I hope it will not be too much of an imposition.

Thank you and everyone for your kindness and consideration, and may God bless and keep you.

Sincerely yours,

Dear Charles,

I received your letter a few weeks ago but I was in the process of moving and did not get it answered. My son thought I should not live alone so I moved to Woodland Hills to be with him and his family.

It pleased me very much when I was told my husband could be buried at Cokesbury Memorial. Our happiest days were spent with the people at the East Harford Parish, "Smith Chapel, Calvary, and Cokesbury Memorial."

My husband loved people and liked being with them, sharing their problems and relieving their sorrows whenever possible.

It seemed that was where he belonged, to be laid to rest in Cokesbury Memorial Cemetery.

Thanks, seems very feeble for what you and the Trustees have done, but I do thank you most sincerely.

Very cordially yours,

Daar Mr. Sewell:

On Saturday last I paid a visit to Cokesbury Cemetery to place Easter flowers on the grave of Carrie Warner Murray in the George W. Brown lot. I was surprised and distressed, since the lot is in perpetual care, to see the Christmas wreathes still on the graves, not only in this plot but throughout the cemetery. Worse still, and far more unsightly, were the remains of the funeral flowers on the nearby Leight lot - there since before January.

Had we had an unusually severe winter with heavy snows, I could understand this neglect, and I sincerely trust it is not the start of a deterioration in the care the cemetery has always had.

Very truly yours,

Dear Mr. Murray:

Thank you for letter of April 1,1959 concerning appearance of the Cemetery. The Trustees are no more pleased with it then you are. The man we had to care for the Cemetery last year we had to let go after he got careless and when a little tipsy,back into a monnment.

There is not enough to keep a man busy all the ti and if the Government would not make it so easy for men to get reli our problem would not be so tough.Please bear with us a while longe

Truly yours,

Charles E.Sewell,

Dear Mr. Mooneyham:

My attention has been directed to an error I made in a letter to you on September 4,1962 in which I stated "the balance of $25.00 would put the Tydings's lot under Perpetual Care" this would be correct for a four grave lot but as your lots one and two in Row seven is for eight graves the cost of Perpetual Care would be $100.00 balance.

I regret, very much the error however the charges are set by the Trustees and can not be changed.

Sincerely yours,

Charles S.Sewell,

Dear Mr. Mooneyhen:

When,a week or so ago,I received a check for$24.00 and the bill to Mrs.Coppage I dug back into the records and they show we were billing three people for this l t,they were

Mr.E.B.Tydings 1411 John St. Baltimore 17,Md.	Mrs. Ethel Bray 804 Winans Way Baltimore 16,Md.	Mrs. William S.Coppage 7201 Old Harford Rd. Baltimore,Md.

In May 1962 the letter to Mr. Tydings came back marked"Moved-No address".

Our bill to Mrs.Coppage in June 1,1962 in the amount of $24.00 was in error.I don't know how that was done. However our records show that Mrs.W.S.Coppage did pay $28.00 toward the upkeep of the Tyding's Lot on May 2 ,1958

Upkeep due on the Tyding's Lot Aug.1962		$ 40.00
Paid by Mrs. Coppage May 1958	$28.00	
Paid by check from Heemann F.H.	24.00	52.00
The Tydings Lot now has a credit of		$ 12.00 credit

Do you think it is now possible for the family to pay the balance of $88.00 and put this lot under Perpetual Care? This would be a big help to the Cemetery Trustees.

To whom do I now send the future bills for this Lot?

Sincerely yours,

Charles S.SEWE

I assm you & had the intention of paying this bill as fast as possible, (after all you have a good man going for you (Mr. Mitchell, funrl Dir.) told me the day my son-in-law was buried) There only one more lot there where your sister is, and if you want it you better get with it.

I was very ill at the time, having been exposed to so much bad weather, and three funerals in three weeks, the first is my — family in thirty one years. So I do hope you will overlook my lack of promptness, because as I told you, I have had Hospital and Doctors bills galore ever since then.

Thank you.

Dear Sir -

I am enclosing a check for 6.00 to pay this account in full for my mother-Mrs A. J. Allen, who lives with me. We moved to New Orleans two years ago, so please change the address on your records.

My recollection is that we sent a check for 4 dollars several months ago - So wondered about the bill for the balance - So fear probably you have not changed the address in your records - Hence in case I did slip on the payment of 4 - I am enclosing check for the 6.00 to pay account in full -

Respectfully yours.

Dear Mrs. Norris:

Sorry I missed you yesterday when you stopped by.

I have just returned from church and checked the lot which you referred to.

This lot was originally deeded to MRS. A.E. NORRIS. The records show that a Mr. Warren Norris 127 Tennessee Ave.,N.E.Washington, D.C. was billed for this lot and from 1953 our statements were returned marked "Moved-No forwarding address"

If you know and would contact Mr.Warren Norris perhaps he has the deed. Otherwise you would have to furnish the Trustees of the Cemetery information of some type that would assure them you are proper heirs.

The plot of the Cemetery shows the Lot to be Lot 3 in Sow S. The annual upkeep of this lot is $2.00 per year. The arrearages in upkeep now amount to $22.00. For the amount of $100.00 this lot may be put under perpetual care after arrearages are brought to date.

Dear Miss Norris:

Be advised the upkeep of cemetery Lot No.3 in Row No. 8 was last paid by Mr. George E.Norris, 7715 Pennsylvania Ave. Sutland,Md. 20028 May 29,1965 when he paid $10.00, this amount was in excess of the amount due,so a credit was established and is now expired at $2.00 per year.

In other words, $2.00 upkeep will be due June 1,1970 for the upkeep this year.

The Perpetual Care charge for this Lot is $225.00. This entire amount goes to a Trust Fund and is invested by the Trustees and only the interest is used for the upkeep of the Cemetery.

Trusting this is the information you desired, I remain

Dear Mr. Sewell:

Your letter, of December 6, has been received. Many thanks.

I hereby accept your proposition as specified in the above letter. Accordingly, I enclose herewith the original deed to the cemetery lots as issued to Dr. Amanda Taylor Norris and shall await your statement of my ownership of the grave of Dr. William P. Taylor with the perpetual care thereof and your check for $50.00 while writing off past upkeep charges of $46.00.

I knew that Dr. William P. Taylor was buried in your cemetery but it was my impression that he was buried in a lot of his own. Dr. Taylor was a brother of Dr. Amanda Taylor Norris. She is buried in Union Chapel Cemetery.

Dear Mr. Rask: Ref: S14-1 west half.

After our conversation of December 4 I visited the Lot site and contrary to your information there is one grave in the south end of the four grave Lot with a head maker bearing the name of Dr. William P.Taylor and the dates Aug. 2, 1951 - November 23,1897.

To the best of my observation and soundings there are three unused graves that we the Trustees could sell as single graves when there is a need for them.

If you agree, and return the original deed, we will give you a letter certifing your ownership of the one grave of Dr. William Taylor and the Perpetual Care thereof together with our check in the amount of $50.00, while writing off the back upkeep in the amount of $46.00.

Your bill of June 1st., drawn to my Father, Isaac Heisler, Charlestown, Md., 14-9 for care of lot for 1959, $4.00 plus $17.00 for back upkeep has been reforwarded to me as my Father passed away two years ago. At that time I requested future bills for the care of my Mothers grave be sent to me. My Mother was Mrs. Mary Harward Heisler. This was done and I paid bills for 1958 and only recently for 1959. I also have receipts showing payments by my Father prior to 1958. Will you please review your records and advise if I am correct in believing an error has been made. Possibly you refer

Dear Mr. Sewell,

May I express my appreciation for your letter of 23 January confirming the purchase and payment of Lot No.21 1/2, south section, Cokesbury Memorial Methodist Cemetery by my father. As I stated on 22 January, my father, Grover C.Oakley, Sr. of Edgewood, Maryland, suffered a stroke in 1963 and lost his ability to speak. I have been unable to locate his deed to this lot or to discuss its status with him. If you approve, I consider your letter sufficient evidence of owner-ship.

I would like to purchase burial lots in Cokesbury Memorial Methodist Cemetery for my wife and myself if any are available. I prefer the old sections but would accept the newer sections. I hope to be able to reestablish my home in Harford County when I retire from the United States Air Force this coming summer and would like to be able to complete this purchase prior to that time. As you are aware my mother, as will my father, my grandparents, Thomas B. and Laura J. Oakley and James and Mary A. Brady and their families are interned at Cokesbury. My wife and I would like to be able to join our families at this location when we pass away.

Dear Mr. Sewell. -

I just returned from a visit to my cousin's home, Mr Wilmer N. Barnes 838-3491 430 Chicora St., Bel Air, Md. Her wife drove me down to the cemetery and I noticed the top of my wife's grave was bare over nearly the whole grave. It was an awful sight to me. Can't you find somebody who will be willing to reset this portion of grave. I will be glad to pay a nice fancy price to get

Some one to record this
portion and keep it watered
until grass gets green.
It really was an eye sore to
me especially when other graves
looked so nice + green
Hope + trust you can find
some one who will do it
for a nice price.
Please let me know soon as
possible what it will cost
and I will send you a check
to cover expenses Thanks in
advance.

Sincerely

Dear Mr. Sewell.—

I received a letter from my cousin Mrs Wilmer V. Barnes Bel Air, Md. saying you had the caretaker fix up that bare spot over my wife's grave, and it looked real nice. She also said you didn't quote any price for doing the job and left it up to me. Well it meant a lot to me so I am enclosing a check for $30.00 and hope this will cover expenses.

I also wish to thank you for your cooperation in this matter.

For your information I have made arrangements in my Will that my estate will pay for a Perpetual up keep of my Cemetery lot befor any of his air is paid any money no matter what the cost.

With kindest regards.

Dear Mr. McThomas -

Last year I wrote you in detail, about my father's grave & this lot. I did not pay 1952 + will not pay 1953 nor any later year - so please do not bill me again.

First place, I turned the lot over to Mrs. Belle German, (my father's sister), (who is now deceased) - at her own request + took it up with Mr. Sewell who had the deed altered to her name.

Second, I gave you her son's name + address

& now you bill me again
Mrs German has about
4 or 5 sons living & they
should take care of their
own. Mr. Albert German
is 201 Druid Lake Rd.
Lutheran - Md
but I do not know the other
full names & addresses.
I feel I have done all
I feel I should do, so
if I receive further bills
will return them unopened.

Dear Mr. McGowan

Am very sorry to learn of Mr. Sewell's death + please convey my sympathy to his family for me.

I looked in the Tel Book + found Mrs. Bella Gerwan's Son's address -:

J. Albert Gerwan
200 Druid Oaks Rd.
Lutherville - Md.

would suggest you send the bill to him as my Aunt Belle lived with him before she died - I know very little of them as my father's people were almost strangers to us. Did not see my father for 25 years but

I buried him & used the
Arlington lot because I
was sure he wanted to
be buried up there - my
own family have all been
buried in Woodlawn Cemetery
here in - Balto. Md.
After Mrs German made
so much fuss about the
lot I willingly turned it
over to her. I would prefer
that you do not mention
me in the matter to them
at all - Just mail them
the bill & see what happens.
I do not feel I should
pay for - what is there
now & do not expect to.

From the time my father died I have paid all along because he was my father & I could do no less - I felt but I do not wish to dwell on such a painful subject but that's how it is in my family & their affairs.

I know practically nothing at all about the Price side of the family.

With best wishes to you -

Sincerely

Dear Sir -

I found the enclosed bill in my Halloway today near my letter box.

Mrs. Belle Germain - was my father's sister & is deceased. The lot up there turned over to Mrs. Germain - (after my father died) some years ago.

up to this time I have been paying the bill but as it is in Mrs. Germain's name - you can take it up with her sons at family.

Have allways gotten
mail in Mr. Sewell's
writing but I notice your
name now.

If the German family
do not pay the bill
I will - as I do not wish
to side step any obligation
but as they took the lot
(I offered it) they can
do what they think best.

Dear Mr Sewell,

Some forty years ago my father, Willard G. Rouse, bought a lot at Cokesbury. He and my stepmother, Lydia Robinson are buried there. Subsequetly my step brothers Willard Jr + James took over the perpetual care of it. Willard Jr died recently and was buried in Easton. Brother James is not interested in useing it and has suggested that I get in touch with you to see what steps should be taken by my heirs to ease the interrment of me + Mrs Rouse rather than waiting for death.

Dear Mrs. Rouse:

Reference to your letter of July 3,1972 concerning the Willard G.Rouse cemetery Lot #2 in Row #3, South section of the Cemetery.

This Lot is 16' X 16' with room for eight graves, the upkeep is $4.00 per year, no upkeep has been paid since 1956 at which time there was a credit of $4.00 this was absorbed in 1957 leaving a balance now due for upkeep amounting to $60.00. The Perpetual Care of this Lot is $300.00.

This Lot is for 8 graves, two graves have been used on the West half of this Lot, you might want to reserve the other two grave sites for your own internment and that of Mrs. Rouse and sell the other 4 graves on the East side to the Cemetery for resale when needed.

If you cannot locate the original Deed, you could give me a letter stating your desire to transfer the East half (4 graves) to the Cemetery Trustees in return for payment of the arraerages in upkeep and to cover the Perpetual Care of the West Half of Lot #2, Row #3. If this is agreed to, I shall then transfer $200.00 from our operating account to the Perpetual Care Trust fund in your anme. We shall then resale the four graves in the East half of this Lot when there is a need for such a Lot.

If however you desire to keep your Lot as it now is the upkeep is $60.00 plus $300.00 to cover the Perpetual Care.

Trusting I have not confused you, I remain

I am in receipt of your invoice of June 1st & relying my attention to the fact I have never paid for the upkeep of my lot for 1956-1957 on the Cokesbury Cemetery. I must admit of being quite surprised

I have searched my papers, such as bills, checks or check books. More than one month, except on special occasions. However I can found three check books for 1956, and I note on one that on July 9th 1956 I mailed a check to Mr. Eugene McComas, Secy. a check for $5.00 covering 1956 and 1957. I am at loss to understand why I have never been notified long ago.

Your letter of June 15 received concerning payment of upkeep of cemetery Lot for 1957.

Mr. McComas resigned as Treasurer last July and I just received the books a couple of months ago and there are a lot questions that are still unanswered.

However, after receiving your letter and checking cash book I find you paid $8.00 last year for 1956 and 1957 and that has been credited toward Lot 3 in Row 11 in the name of J.B.Hanway.

The ledger notes you desire to pay the upkeep of Lot 5 in Row 14 in the name of William G.Hanway which upkeep is $2.00 per year and has not been paid for 1957.

I do not wish to be presumptive in this matter and ask your indulgence if I am incorrect.

Dear Mr. Rouse:

I am in receipt of a letter from Mrs.Robert L.Carmack and Mr. McComas spoke to me on Sunday about your lot. Due to the snow on the ground I had put off looking at the number of graves however you now know the number of unused graves.

The upkeep due on the Rouse-Hanway lot,which now seems to be considered one lot, is $12000 with $4.00 being due June 1, 1963 for this year.(Our books are kept June 1 to May 31 year.) A atatement is enclosed.

The Cemetery Trustees are striveing to have all our lots under Perpetual Care. The charge for the Perpetual Care of the Rouse-Hanway lot would be $200.00 and if you desire, at this time,to put your lot under Perpetual Care you may consider the $12.00 upkeep remitted.

However,as Mr.McComas stated,no graves may be opened until the upkeep is paid or the Lot is put under Perpetual Care.

Please feel free to contact me if any additional information is needed.

Attention: Charles S. Sewell

Dear Mr. Sewell:

Thank you for your note of December 6, 1972 which was in reply to our letter of November 29, 1972.

At that time we had written you a note in regard to a letter of permission we had received from the American Legion to use their emblem on a grave memorial for HARRY LOUIS ROPKA.

Apparently you misunderstood our note. We were inquiring as to whether this permission should have been sent to us as we have no order to manufacture a memorial for HARRY LOUIS ROPKA. We are questioning as to whether you have submitted an order for the ROPKA memorial or perhaps was it sent in by another person.

We will await your reply.

Truly yours,

Helen Elder

Dear Mrs. Elder:

With reference to your letter of November 29,1972, I know not why you request our permission to use the American Legion emblem on a grave marker for HARRY LOUIS ROPKA but recent rules adopted by the Trustees require all be flush with the ground.

No statement in this letter is to be construed that the Cemetery assumes any responsibility for the delivery, cost or installation of any marker.

Mr. Howard S. O'Neill
Bel Air, Md.

Dear Mr. O'Neill:

Mr. Edward DeHaven had a lot in our cemetery on which he paid $2.00 each year for upkeep. He kept his account paid up each year until his death. Since his death there is no one that we know of who will take over this obligation and it was suggested that possibly you could help us in this matter.

For one hundred dollars ($100.00) this lot could be put under perpetual care so that there would be no further charges based on the yearly rate. Was there any estate from which this could be paid, or is there any way in which we could continue to be paid for the yearly upkeep?

Any assistance which you might give us in this matter will be greatly appreciated.

Very truly yours,

Dear Mr. Snyder:

Your letter and check for back care of your two grave plot has been received and we wish to thank you for same.

With reference to a deed for this plot, I see no reason why we cannot draw up a new deed for just your part of the original lot which you purchased from Mr. Magness. I talked with Mr. & Mrs. Clifford Magness and there seems to be no question as to what part belongs to you.

Therefore, I am enclosing a bill for perpetual care and for the new deed. The perpetual care would be $50.00 and the new deed $5.00 making a total of $55.00.

If you can arrange to take care of this, it would help us greatly in straightening out our records.

Very truly yours,

F. EUGENE McCOMAS

Gentlemen:

Enclosed you will find check for $12.50 in accordance with bill sent me for back care of grave of Mrs. Carrie Snyder.

We bought this grave from Mr. Magness, but as yet have not received a deed to same. Therefore I would like to know if you can furnish either my sister, Mrs. Rebecca Gorrell of Churchville, Maryland, or myself with the deed for this grave.

You speak of perpetual care. It sounds alright, but without having a deed (only our cancelled check) both my sister and I feel that we should have a clear title to this grave.

Sincerely,

C. Trueman Snyder.

Dear Nina:

Will you please give this letter to the person who can give me the information I want?

Recently my Brother (Hubert E. Warner) and I were discussing the lot at Abingdon. Hubert says it belongs to me. He asked me if I had the deed to it. I don't remember ever seeing the deed and would like to know what definite record I could get so there would not be any danger of an uncertainty about it.

The lot I refer to is the lower side of the graves of Mother, Father, Grandmother and Grandfather.

After your Father, I have no idea who takes care of these matters, and will greatly appreciate it if you will ask the person in charge to give me the information I need.

Thank you kindly.

Best regards,

As requested I staked-off your Lot #5 in Row #2, North Section, andyou will observe your Head-marker is positioned well off of your Lot.

Would you request your monument man to reset the monument within the limits of your Lot.

At the Northeast point of your Lot you will find a piece of reinforcement iron,level with the ground, this is a survey point and it is important it not be moved or shifted.

Thought this might be better understood if put in letter form.

Dear Ms. Staub:

This is in reference to your letter of April 25, 1903,, to Mr. Howard K. McComas III, in regard to the grave lots you own in the Cokesbury Cemetery.

Once we have sold grave lots, the church very seldom gets involved in the re-sale. If someone sells their lots to another individual, we will handle the paper work in transfer of ownership. As to whether someone would be interested in purchasing the remaining lots at this time, we cannot say. One large factor that would have to be considered is how many grave lots are left in Lot #9, Row J and Lot #10, Row 2. If there are more than one, it is possible we could find someone interested in purchasing them.

Another factor that you have to take into consideration is that we sell grave lots to church members for $150.00 and non-members $200.00. So it might be to your advantage to try and sell the lots on your own.

One other factor we would like for you to consider since you are planning to leave the State is your lots are not currently under perpetual care. We would like to suggest to you that you put your lots under the care before you leave. The cost is $100.00 per grave site. This will insure that all grave lots are under this care. If you should decide to do this, you can forward your check to me for $100.00 for each grave you have. Please make it out to Cokesbury Methodist Church Cemetery.

I hope the above answers all of your questions concerning your grave lots. However, if you should have further questions, you can write me at the address below or call me at 301-659-0835.

Abingdon, Md. 21009

Dear Mr. McComas,

As I explained to you in my letter, dated December 13, 1982, we will be leaving the state of Maryland within the next few months and we are trying to tie up all loose ends before we go so that we will not have any out-of-state responsabilities to take care of.

I don't know if you have had any time to go over the copies of the documents, covering lot #9 - row 3, and lot #10 - row 2, that I sent to you, we would like to sell the lots and just don't know how to go about it.

We would like to know if you think the church, a group or even an indi-vidual would consider the purchase of all the lots, I believe there are eight in all, for the total sum of $1,000.00? I am sure this is a fair offer and may be of help to the purchaser for use or for resale, as the Board of Trustees sees fit.

We will greatly appreciate any help you can give in this matter. Please tell me to whom I might contact in reference to the care of the cemetary lots, I only have Mr. Sewell's name and I understand he no longer takes care of this. Thank you again.

Dear Mr Sewell,

In answer to your letter of August 12, 1974. I under stood from our conversation that all existing Markers were to remain, but markers in the future were to be flush with the ground. Perpetual care took care of filling of sunken graves and cutting of grass. I was responsible for having my Mothers Head stone raised and when stone was put up for my sister if same people did not raise Mothers stone then you would have it done and send me the bill.

There are no flowers, shrubs

or Azaleas on the lot. When I was there the lot was level.

I understand that some one has planted Azaleas and raised the stems. I knew nothing of this until I talked to my daughter and she was coming to see you and to see what Mr St Peters had done. He has no authority to do any thing to the lot except to bury the dead. If these things are not corrected please let me know. Please send copy of rules to -

I thought, after our conversation about a month ago, we had a mutual understanding concerning the markers and upkeep of your Lot.

It is requested the following corrections be made so the caretaker can properly maintain your Lot in keeping with the rest of the Cemetery.

1. Lower the corner stones to a point level with the ground.

2. Remove all flowers and shrubs except the four Azaleas at the corner markers.

3. Arange the sod so there exist a level surface over the whole Lot.

Trusting these corrections will be made by the end of August, I remain

Dear Mr. Mc Comas

I was certainly distressed when I visited the cemetery last week to find it in such a neglected condition. The grass had been cut in the middle of graves And was very high around the stones. I was under the impression the dues which We (the lots owners) pay ~~was~~ was to be used to pay for The up keep of the cemetery. Several graves need filling in, that of my daughter is among them.

If you do not feel the dem
paid isnt sufficient to

Dear Mr. Sewall,-

Replying to your note respecting perpetual care of the Nelson and Ozmon lots, I may say that I should not care to undertake the expense involved. I am now retired from active business and my wife and I are living at the above address in the house owned by Mr. Edmund H. Schwaube.

In a recent visit to the Cokesbury Memorial Cemetery, I noticed the headstone of the grave of my great grandfather, Captain Henry Ozmon is in bad condition.

I should like to have it properly adjusted, if the expense for doing so is not too great.

One of these days I should like very much to see you, as you are probably the only person around who knew my mother, who was Capitola Nelson. As I probably have written you, I too was born on Strawberry Hill. So it seems I have come back home and like that im-mensely.

With kind regards,

Sincerely

Dear Mr. Sewell:

In May 1948 my Mother, Alice S. Tipton paid $100 for perpetual care on our lot in Cokesbury Memorial ~~Cemetery~~, Abingdon, Md. It is Lot 9 in row 15.

When we were at the cemetery at Thanksgiving we found my sister's grave (Genevieve Tipton) had sunken considerbly. The same condition existed at Christmas time.

It is my impression that the perpetual care includes correction of this condition. However, I would like to have this grave fixed and whatever else needs taken care of in the lot, corrected also.

If there is any additional charge, please let me know but I would like to have the lot fixed up and particularly the one grave, at your earliest convenience.

Since 1912 my Mother has taken great care to see that our lot was well taken care of and now that she also lies there, I would like to have it maintained in good condition.

I would appreciate your prompt attention to this.

Trustees - Cokesbury Cemetery
Abingdon, Maryland.

Dear Sirs:

I was shocked at the neglected condition of my husband's grave. It has been two months and the grave has not been touched. I expected to see a grassy, gently sloped plot. Instead the grave has wide open cracks, sunken and slanted. The marker that was put there three weeks ago is partly covered with soil, sunken and slanted. There is no level place to rest.

The rain has washed the ground away from the pathway so that the vault must be on a level with the lower part of the lot. The grade is so steep.

I expect to rest beside my husband not have his grave six feet above me. In another fifteen years there will be no soil left to cover the vaults.

If I had known the lot was in such a bad condition I would never have put my husband in the lot.

No doubt the trustees have seen the gradual wash out of the lots along the upper pathway

and should have filled the lots with soil, leveled the top and gently sloped & re-seeded the lots years ago.

I hope you will all visit the lots and see for yourselves that the lots have been neglected and are a disgrace to Cokesbury.

The new generation are buying lots in Bel Air I'm sure if the grounds were made more attractive they would rather rest with their fore-bears.

The cemetery has so much to offer it is a pity. Cokesbury history, a lovely old Church, nice trees, high-dry and a lovely view for there who visit. That is why we chose Cokesbury for our final resting place.

The caretaker should have reported this condition years ago to the board of trustees.

I have paid for upkeep for fifteen years or more plus $1 or p. care fee so I expect you will consider this situation at your next board meeting and the lots along the pathway will be made as level and attractive as when purchased for a decent burial ground.

Respectfully,
Ruth M. Turner

Dear Mrs. Turner:

I received your letter of July 9th concerning the condition of your cemetery lot.

I was very much surprised to receive your complaint of the condition of the grounds because for the past few years we have been complimented many times by lot owners, visitors and people connected with other cemeteries on the appearance and condition of the cemetery even the District Superintendent commended the Trustees on their operation of the Cemetery.

Until the grave has completely settled, which takes several months, it is not practical to level the edges or make improvements to the sod. I have looked at Mr. Turners grave and we will make some corrections there as soon as possi

The Trustees were not consulted, as they sho have been, before the marker was installed therefore we do n feel responsibility for its position. Again however we wil what we can to improve its base condition.

I do hope the next time you visit the c you find it improved (your lot) and although the Truste not meet until fall I will surly bring your letter to t attention and should they feel further attention to you is necessary I shall so advise you.

Thanking you for your interest in ou

- Attention of Mr. H. L. W. Hopkins -

Dear Mr. Hopkins:

On August 11, 1976 I signed and returned a contract with your firm covering the following work to be done at Cokesbury Cemetery, in Abingdon, Md.:

Install new foundations, level and aline, also reseal the following:

Stinchcomb lot #8 row 14 (Noah Stinchcomb
Tipton lot #9 row 13 (Alice Tipton) } $85.00

I received a bill dated August 31, in amount $85.00 from Silbaugh Memorial Vault Company. I signed a contract with J. C. Taylor & Son. Why am I getting a bill from another firm?

However, yesterday, September 5, I visited the cemetery and found that the work has not been completed.

In the Stinchcomb lot #8, row 14, nothing whatever hasbeen corrected. The stone for Annabelle Weaver, in this lot is sunken and uneven, needs raising and leveling. The foot stone for Noah Stinchcomb is lying flat on its face and the foot stone for Elizabeth Stinchcomb would fall over if breathed upon heavily.

In the Tipton lot #9, row 13 (Alice Tipton), the stone for Alice Tipton has been repaired and seems to be a good job. That is the only thing which has been done in this lot. I think the foot stone for Genevieve Tipton should be made more secure.

Although I felt that $85.00 was an exhorbitant fee, I signed the contract believing everything requiring attention and specified in the contract would be taken care of, and I expect it to be before I pay the bill.

When the work is finished and I have inspected it and am advised just whom to pay, I will do so.

Yours very truly

Dear M/s Stouffer:

Thank you for your letter of September 21,1971 bringing to my attention the incorrect amount given for upkeep due. I neglected to post my ledger properly from my cash book.

The cost of upkeep on this four grave lot is $2.00 per year. The letter written on July 31,1968 is correct and was written in answer to a note and check received from Mrs. Wagner in the amount of $4.00 , asking if that amount was correct.

Mrs. Wagnes again sent me a check for $6.00 received April 20,1970. This last amount had not been posted on the Ledger so whne Mr. Lassahn called I gave him and you an incorrect figure. As your account now stands you are paid for 1971 and carry a credit of $8.00.

With reference to the letter concerning "Perpetual Care" it is no longer applicable. New rules and cost of graves were adopted in 1968, the Perpetual Care of your four grave lot is now $200.00. A copy of the Operation Rules are enclosed.

Trusting this information is satisfactory,

The Cemetery Trustees wish again to invite all Lot Holders to seriously consider placing your Cemetery Lot under Perpetual Care. Only about 10% of these Lots are not under Perpetual Care. We strive to have all under this care.

Another reason this should receive your prompt attention is the high cost of maintenance. The cost of labor and equipment seems to continue upward to the point where, before the end of the year, it will probably be necessary to recommend that the Board of Trustees approve an increase in the yearly maintenance charge, the cost for new lots and the amount charged for Perpetual Care. There has been no increase in these charges for over twenty years.

There are some lots on which no upkeep has been paid for over forty years and some on which no one claims responsibility; it may be necessary for the Trustees to reclaim these lots for resale as lots or single graves.

The Trustees will be glad to consider these matters with anyone.

Sincerely yours,

Enclose please find check for one hundred dollars ($100.00) please put Edwin Cottle's lot in perpetual care, I see by the deed it is Edward. (Edwin is the correct name) Please send receipt, I have enclosed a self addressed envelope.

I would like to have the two graves that are sinking taken care of. I am having footstones put to the two graves and the names cut on the monument. If there is any extra charge please send me the bill, I think that should go with upkeep of lot.

I am also having a stone put up for my brother Clifford Cottle, if you haven't heard from the gentleman that is putting it up, will you please mark his grave and put his name on it, he was supposed to let you know.

I hope this can all be taking care of by Memorial Day, as I expect to be there that day, if I am able to go.

I certainly was sorry there wasn't room in the lot for him to be buried, as that is where we always expected him to be buried.

Will you let me know the value of the lot as of today & the perpetual care? The family are not interested & when I figure the purchase price & care from then & including this bill, I don't think it is worth it. where it is. Dear Friend:

You are cordially invited to attend the annual MEMORIAL DAY Service at the Cokesbury Methodist Church on Monday, May 30, 1960, at 2:00 p.m., sponsored by the Board of Trustees.

A luncheon will be served by the Ladies of the W.S.C.S. in the Educational Building beginning at 11:30 a.m., and continuing after the service. (Lunch will not be served during the service)

Arrangements have been made with The Rev. Mr. Roscoe T. Hall, pastor of Dublin Methodist Church to be the speaker of the day.

Come, visit the cemetery and enjoy the day. The Trustees will be present during the day and will be very glad to discuss cemetery problems with you.

The Trustees desire to remind Lot Holders of the following regulations adopted several years ago:

1. No grave will be opened until all upkeep arrearages are satisfied.
2. No Deed may be transferred outside the immediate family without the expressed consent of the Trustees.
3. Planting of trees, flowers, shrubs, etc., is prohibited without the expressed consent of the Trustees. Cut and potted flowers may be placed on the graves at any time, however, such flowers and containers will be removed at the discretion of the cemetery attendants.
4. It is also necessary to obtain permission and approval before placement of tombstones and/or grave markers.

The above regulations are for the protection of Lot Holders and for the accomplishment of proper Cemetery care.

We are looking forward to your presence at the emetery on Memorial Day, and hope you will remain for the 2:00 p.m. memorial service.

Sincerely yours,

The Trustees.

Your letter of August 6 received and we appreciate your interest in the cemetery. I saw where your stone was chipped on the south-west corner and we will fill in the ground there so the mower will not touch the stone.

Your receipt is enclosed herewith.

Enclosed please find a check for $100.00. Please accept the enclosed bill and return.

Dear Mr. McComas:

I am very sorry to say that at the present time I would not be able to see my way clear to pay the $100.00 for the perpetual care of my lot. I have had quite a few heavy expenses with repairs to my house, and it would be impossible for me to do this during 1953.

I will try to pay for the perpetual care sometime next year, if nothing happens.

I am enclosing a check for the $2.00 for this year's care of the lot.

You are doing a very good job with the care of the cemetery, and it does my heart good to know that my father is buried in such a well-cared for place.

Hoping that you will understand my position this year, I am.

Very truly yours,

Miss Matilda Zukowski

Dear Mr. McComas:

Kindly send me a bill for the perpetual care of my lot, and I will disregard the previous bill of $2.00.

As soon as I receive the new bill, I will mail you the check for the amount of the perpetual care.

Hoping to hear from you soon, I am.

Very sincerely yours,

Miss Matilda M. Zukowski

P.S. Will I get some kind of agreement to show that the lot is in perpetual care, in order that the lot may always get good attention?
