TORTURING PAIN.
 That This Man's Sufferings Would
 Have Killed Many a Person,
 But Doan's Cured Him.
 Thousands of grateful people are tell-
 ing every day how Doan's Kidney Pills
 cured them of distressing and dangerous
 kidney and bladder troubles.
 Yet other thousands are suffering every
 day from these same ills. Why? They
 are either very negligent or very scepti-
 cal. Neglect of kidney disorders leads to
 dropsy, diabetes, Bright's disease and
 other fatal diseases.
 Sincere, honest testimony like the fol-
 lowing should convince every sceptic.
 A. C. Sprague, stock dealer, of Normal,
 Ill., writes: "For two whole years I
 was doing nothing but buying medicines
 to cure my kidney
 ills. I do
 not think that
 any man ever
 suffered as I
 did and lived.
 The pain in my
 back was so
 bad that I
 could not sleep
 at night. I
 could not ride
 a horse and sometimes was unable even
 to ride in a car. My condition was criti-
 cal when I sent for Doan's Kidney Pills.
 I used three boxes and they cured me.
 Now I can go anywhere and do as much
 as anybody. I sleep well and feel no dis-
 comfort at all."
 A FREE TRIAL of this great kidney
 medicine which cured Mr. Sprague will
 be mailed on application to any part of
 the United States. Address: Foster-Mil-
 burn Co., Buffalo, N. Y. Sold by all
 dealers; price, fifty cents per box.

LETTERS FROM THE PEOPLE.
 Mr. Editor,
 Dear Sir—I noticed that you
 spoke in your last issue of the
 farmers having a heavy growth of
 fodder but only a part of a crop of
 corn. But this is not my experi-
 ence, and I find that this year has
 been a test for some of the advan-
 ced scientific methods of corn grow-
 ing, and, having studied Prof. Hol-
 den's instructions very closely, I
 decided to test it, and, accordingly,
 last spring I planted part of my field
 with graded and thoroughly tested
 seed corn, with results, considering
 the season, far in advance of my
 anticipation. The corn is yielding
 far in advance of any check corn I
 have ever grown and is giving me
 so far about 160 bushels of ears to
 the acre, which, considering the
 small size of the cob of my variety,
 will be about 60 bushels of shelled
 corn. This I think is very conclu-
 sive that we should use the very
 best variety of graded and thor-
 oughly tested seed corn.
 Respectfully,
F. A. Bartlett,
 Queen Anne, Md.

Be as careful as you can you will
 occasionally take cold, and when you do,
 get a medicine of known reliability, one
 that has an established reputation and
 that is certain to effect a quick cure.
 Such a medicine is Chamberlain's Cough
 Remedy. It has gained a world wide
 reputation by its remarkable cures of
 this most common ailment, and can al-
 ways be depended upon. It acts on
 nature's plan, relieves the lungs, aids
 expectoration, opens the secretions and
 aids nature in restoring the system to
 a healthy condition. During the many
 years in which it has been in general
 use we have yet to learn of a single
 case of cold or attack of the grip hav-
 ing resulted in pneumonia when this
 remedy was used, which shows conclu-
 sively that it is a certain preventive of
 that dangerous disease. Chamberlain's
 Cough Remedy contains no opium or
 other narcotic and may be given as con-
 fidently to a baby as an adult. For
 sale by Forman & Keating.

Current Facts.

Greece has an absolute natural
 monopoly of currant production
 which averages about 100,000 tons
 a year. The seedless grapes, which
 when dried are known as currants,
 grow nowhere else in the world.

It takes about four pounds of fresh
 grapes to make a pound of dried
 currants. No artificial processes are
 used in curing; the best qualities
 are dried in the shade, all others
 in the sun.

The United States consumes
 20,000,000 pounds of dried currants
 a year, less than half a pound a
 head. Great Britain's consumption
 is three pounds per capita, and Ire-
 land's six pounds.

Dietitians who have made a study of
 the food value of currants say that
 75 per cent. of their weight is solu-
 ble in water, and that currants
 contain 15 per cent. of nutritive
 value, or more than twice as much
 nourishment as lean beef.

As a concentrated food, Sir Francis
 Laking, King Edward's physician,
 has lately pointed out that the 75
 per cent. of grape sugar contained
 in currants makes them a valuable
 aid in digestion, allays nervousness
 and prevents nervous exhaustion.

To safeguard the industry upon
 which the welfare of the whole
 nation depends, owing to the fact
 that currants form 65 per cent. of
 Greece's total production, heavy
 penalties are imposed upon the
 growers who pick their crop before it
 is ripe or pack it before it is thor-
 oughly dried and cleaned.

He Fought At Gettysburg

David Parker, of Fayette, N. Y.,
 who lost a foot at Gettysburg, writes:
 "Electric Bitters have done me more
 good than any medicine I ever took.
 For several years I had stomach
 trouble, and paid out much money for
 medicine to little purpose, until I began
 taking Electric Bitters. I would not
 take \$500 for what they have done for
 me." Grand tonic for the aged and
 feeble, and body builder; best of all for
 lame back and weak kidneys. Guar-
 anteed by Forman and Keating, druggists,

A Hard Debt To Pay

"I owe a debt of gratitude that can
 never be paid off," writes G. L. Clark,
 of Westfield, Iowa, "for my rescue
 from death, by Dr. King's New Dis-
 covery. Both lungs were so seriously
 affected that death seemed imminent,
 when I commenced taking New Dis-
 covery. The ominous dry, hacking cough
 quit before the first bottle was used,
 and two more bottles completely cured
 me." Nothing has ever equalled New
 Discovery for Coughs, colds and all
 throat and lung complaints. Guar-
 anteed by Forman and Keating, Drug-
 gists. 50c and \$1.00. Trial bottle free.

ARBUCKLE'S ARIOSA COFFEE

"For over thirty years," writes a
 gentleman in Los Angeles, "I have
 used Arbuckle's Coffee. Many times
 my family has tried other coffee only
 to come back to our old reliable, unchange-
 able Arbuckle's. No other coffee has
 this uniform never fading aroma, I care
 not at what price. I have often wished
 I could tell you this." Many other
 people have the same opinion.
 Arbuckle's was the first roasted packaged
 coffee, and it has since spread all the others put
 together. That it costs you less is due simply
 to our coffee business being so much greater
 than any competitors, in fact, it is larger than the
 next four largest firms in the world combined.
 We naturally can and actually do give better
 coffee in ARIOSA than anyone else can give
 for the price; being the standard article it is
 sold at the narrowest margin of profit.
 Some grocers will try to sell
 you instead loose coffee which the
 roaster is ashamed to sell in a
 package bearing his name.
 Don't take it, neither the looks nor the price
 indicate its cup quality. No matter where you
 buy Arbuckle's ARIOSA, or what you pay
 for it, it's the same old uniform Arbuckle's
 ARIOSA Coffee.
 If your grocer will not supply, write to
ARBUCKLE BROS.,
 New York City.
