Full Answers To Questions. There are many details that are essential to the proper performance the duties of the officials and registrars that should be studied; for example the tearing offer a corner of card in the case of those of African descent; the answering of the questions exactly as indicated in the regulations; the summarizing of results in the proper column and line, etc. To insure a full and reliable return from the State of Mary. land to the Provost Marshal General. the importance of a strict compliance

with all details is obvious.

Attention is called to the necessity consideration when estimating the number of cards required for your county before making the requisition

on this office for additional cards The tentative regulations provide that the sick and persons who expect to be absent from their home counties on registration day should apply to the county clerks six days after the President's proclamation. This is modified so that the clerks can issue these cards to such persons at any time prior to
