ON application to the subscriber in the recess of the Court, as one of the associate judges of the sixth judicial district of the state of Maryland, by petition in writing of William Moore, of Baltimore county, stating that he is in actual confinement, and praying the benefit of the act of the general assembly of the state of Maryland, passed at November session eighteen hundred and five, entitled, an act for the relief of sundry insolvent debtors, and the several supplements thereto on the terms therein mentioned—a schedule of his property and a list of his creditors on oath, as far as he can ascertain being annexed to his said petition; and the said William Moore having satisfied me by competent testimony, that he has resided two years within the state of Maryland, immediately preceding the time of his application; and the said William Moore having taken the oath by the said act prescribed for delivering up his property; and having given sufficient security for his personal appearance at the county court of Baltimore county, to answer such allegations as may be made against him by his creditors.

I do therefore appoint Luke Tierman his trustee, and order and adjudge that the said William Moore be discharged from imprisonment; and that by causing a copy of this order to be inserted in some one of the public newspapers in the city of Baltimore, every other day for three months successively, before the seventeenth day of November next, he give notice to his creditors to appear before the said court at the court house of said county, at ten o'clock in the forenoon of said day, for the purpose of recommending a trustee for their benefit, and to show cause if any they have, why the said Wm. Moore should not have the benefit of said act and supplements. Given under my hand this 14th day of August, eighteen hundred and ten.

Moved by this consideration, the subscribers inform the citizens of Baltimore, that he will immediately open a general Intelligence Office, at the corner of the Fish Market and Marsh Market, in the house lately occupied by George W. Miller, where he will provide himself with means for procuring places for servants, and servants for places; of giving information respecting animals strayed; and of furnishing intelligence relative to rare and unusual articles of merchandise or traffic; together with such other articles of intelligence as interest the farmer coming to market, the citizen resident in town, or the stranger who may come hither by land or water.
