Monetary and Commercial Review.

BALTIMORE, September 28, 1861.

The only transaction at the Stock Board to-day was a sale of $2,000 Baltimore and Ohio Railroad 1885 bonds at 67¾, the market for them closing at 67 bid, 68 asked. Baltimore and Ohio Railroad shares were a little firmer to-day than on yesterday $40 being bid, and $41 asked regular way, but for Northern Central there was no bid made. It was offered as on yesterday at $14 regular way. Northern Central bonds were decidedly better, 49 being bid, and 50 asked for 1885's, these figures being an advance of 1¾ to 2 per cent. on the closing quotations of Friday. There was no inquiry for State stocks, but City 6's for which there was some little demand closed without sales at 80¾ bid, 81¾ asked for 1875's, and 79¾ bid ex dividend for 1890's. Baltimore Gas Co. closed firm at $99¾ bid, $100¾ asked. Bank stocks are dull and heavy. Merchants' closed to-day at $83 bid, $86 asked; Farmers and Merchants' at $27 bid, $28¾ asked; Marine at $23 bid, $27 asked; Franklin at $8; and Citizens' at 6¾ bid.

The New York *Post* of Saturday evening says:

The Stock Market remains very quiet, but prices are firm and in some cases higher. There is a reaction in one or two of the leading stocks, which have advanced rapidly of late. Pacific Mail, after touching 89½ yesterday, fell back to 87¾@88. There was also a decided fall in Virginias and North Carolinas—equal to 2¾@3 per cent. on previous sales. The market closes higher. New York Central 73¾@73¾, Erie 23¾@24, Cleveland and Toledo 29¾@30, Chicago and Rock Island 45¾@45¾. Pacific Mail closes at 88@88¾. Panama is 116, 115 asked. Money is easy at 5 per cent. on call, though 6 is still paid in some quarters.

A favorable bank statement is looked for on Monday, though the full effect of the recent arrangement for apportioning the calls upon the banks, according to the immediate needs of the Treasury, will not be seen till the latter part of next week. The specie average of the banks is steadily rising one at present. Exchange on London closed very flat, with a larger supply of commercial bills on the market. At the close 108 was the top rate for best bankers' bills.

The Bank Committee are in conference with the Secretary of the Treasury to-day, in reference to the taking of the second fifty millions of the National loan. There is no doubt but what the details will be settled in the course of the afternoon, though some strong efforts are making to induce Mr. Chase to refrain from issuing large amounts of the demand notes. The programme of August 19th, relating to the paying in of the six per cent. notes at par, will not be modified materially. The total absorption by the public of the 7.30 loan for the month of August 200,000,000; so at the rate of a million a day, which is the rate of the subscriptions at present, there would scarcely remain fifteen millions of the loan unsold by the time the banks take the second instalment on the 15th of October.

The Philadelphia *Bulletin* says that "the Bank Presidents of that city, at a meeting held yesterday, unanimously agreed to take the second instalment, five millions of dollars, of the $150,000,000 government loan."

The New York *Herald* of Saturday morning, says:

The steamer which sails to-day for Europe will take out a large amount of the new 7.30 Treasury notes, purchased here for European account. For some days it has been known that inquiries were being made into the character of these notes by direction of personages of the highest rank in Europe; it is commonly reported that within a few days not much less than a million of them will be the property of a singly immensely wealthy individual of the highest rank, and that other purchases will be made on a corresponding scale for other personages moving in the same sphere of life. The leading statesmen of Europe have not been deluded by the tra sparent common sense of the London assailants of our credit. They know that a nation of thirty millions of people, which owes less than $200,000,000, and which has twice paid off its entire indebtedness, can safely be trusted to almost any amount; and while the organs of the aristocracy are endeavoring to break down our credit in order to damage the cause of democracy in Europe, the aristocrats themselves, keenly alive to the rare opportunity afforded by the present crisis, are selling out their European three and four per cents., and buying our 7.30 Treasury notes. They show their sense in doing so. Every Englishman and French man who sells out his English or French investment and buys 7.30 Treasury notes makes £33 per £1,000, or 33 francs per 1,000 francs by the transfer, and obtains a security which, being redeemable, is in reality better than even the French funds or the British consols.

BALTIMORE MARKETS.

SATURDAY, September 28.

COFFEE.—Coffee continues very firm, but the high rates asked for it restrict transactions, and the only sale made to-day so far as we have heard is one of 100 bags Rio at 15¼ cts. net cash, equal to 15¾ cts. 4 mos. RYE FLOUR AND CORN MEAL.—We quote Rye Flour at $3.62½@3.75, and Corn Meal at $2.90@3 per bbl., but there is very little doing in either of these articles.

GRAIN.—Grain was in comparatively light supply today, but for all descriptions the market was active and firm. PROVISIONS.—There has been no movement of importance to-day in Provisions, the only sale worth noting that we have heard of being one of 25 tierces Bacon Hams at 9@9¼ cts. There is a fair retail demand for Bacon Shoulders and Sides and sales are making at 5¾@6 cts. for the former and 6¾@7 cts. for the latter. We quote Bulk Shoulders at 5@5¾ cts., Hams at 5½ cts., but there is no demand for Sides and we hear no price named for them. Mess, and $14@14.50 per bbl. for repacked Western Mess.

RICE.—Rice is firm at 7¼@7¾ cts. for good to prime. There is however very little here, and it is only selling in retail lots.

SUGARS.—Sugars continue in good demand and very firm. We note sales to-day of 60 hhds Porto Rico at from 8¾@7¾ to 9¾@9¾, and 10 hhds. New Orleans at 8¾@9. The stock here is light, and we quote to-day as follows, viz: Cuba 8¾@8.50 for refining, and 8.50@9 for grocery grades; Porto Rico and New Orleans at 8.50@9.50 for the current qualities of Manilla and Pernambuco at 8@8.50.

REFINED SUGARS.—No change has been made for some days past in Refined Sugars, but they are very firm at the following rates, viz: 11¾@11¾ cts. for loaf, 10¾@11¼ cts. for crushed, powdered and granulated; 10½@10¾ cts. for soft crushed white; and 9¾@10 cts. per lb. for C yellow.
