LIVER COMPLAINT. This disease is discovered by a fixed obtuse pain in the right side under the short ribs, attended with heat, uneasiness about the pit of the stomach, there is in the right side also a distension—the patient loses his appetite and becomes sick and troubled with vomiting. The tongue becomes rough and black, countenance changes to a pale or citreous color, or yellow, like those afflicted with jaundice—difficulty of breathing, disturbed rest, attended with a dry cough, difficulty of laying on the left side; the body becomes weak, and finally the disease terminates into another of a more serious nature, which in all probability is far beyond the power of human skill. Dr. Hartley's Compound Tonic Strengthening and German Aperient Pills, if taken at the commencement of this disease, will check it, and by continuing the use of the Medicine a few weeks, a perfect CURE will be performed. Thousands can testify to the fact.

THE DUTY OF THIS INSTITUTION will be resumed on MONDAY, the 31st of August, with increased facilities for the acquisition of knowledge. The Chemical, Philosophical, and Astronomical Apparatus, is extensive and well selected. A Beautiful and Suitable Present for Ladies. THE LADY'S BOOK. We have scarcely opened a paragraph of praise to this paragon of periodicals, and another deserving still more is required. People may talk of puffing as much as they please, but we can say of this most heretical, let him but see the beautiful engraving prepared by Goddard for the January number of his Lady's Book, and if he does not say that it surpasses excellence, then are we willing to speak under. The plate is called "Neapolitan Peasants going to the Feast of the Pic d'Grotta," and is a more life-like piece of art than has ever been our fortune to see. There you have, in itself, a group of half a dozen persons, on their way to the city, carrying the fruit of their industry. In the foreground are a small boy and girl, bearing on their shoulders a pole, on which are slung all sorts of viands; then comes a good looking matron, carrying on her head a basket, and holding by the hand a chubby-looking girl, who, like the rest, is carrying a bunch of grapes; and behind comes three or four others, following in the trail, while in the distance are several busily employed in preparing articles for market. Altogether, it is one of the very handsomest things ever gotten up for a periodical of any country, and is alone worth twice the subscription price to the Book. Subscriptions received at WM. W. HARRISON'S Periodical Depot, No. 74 Market and 28 N. Gay street.

PHRENOLOGY. The subscriber respectfully announces that he has established his Office at No. 3 NORTH-ST. next door to the Patriot Office, where he will be happy to wait on those Ladies and Gentlemen who may be desirous of a PHRENOLOGICAL EXAMINATION. From London—Kent Bugles, with all the improvements; Coropoons, made by Chas. Rice, who made Mr. James Deane's Coropoon—and instruments were ordered two years ago.

From Rome—A fresh supply of Violin Strings, warranted to be the very finest quality, 4 length and four threads.

RETRENCHMENT AND ECONOMY! 100,000 DOLLARS can be saved by the community of Baltimore, by using WEST'S SAFETY REFLECTING CAMPFIRE OIL LAMP, which are entirely different from any other kind ever offered to the public, and far superior to any now in use. In point of cheapness and simplicity of construction, the above Lamps are not one quarter the trouble of the camphine lamps in general use, and yet are warranted to give a brilliant light at the small expense of one cent per hour.

Those who wish to supply themselves with a cheap light, would do well to call and examine them at the subscriber's store, where they can be seen burning every evening.
