

BALTIMORE CLIPPER

TOO SOON

To open the seal of this world... Of hopes that perished in their noon... Of youth delayed—the aged, too soon!

Mr. CLIPPER—What think you of the following "precious gem" indited by a love-sick swain to his Dulcinea?

Her cheeks are majestic and bold; Her eyes are like diamonds all set up in gold; Her voice is so very melodious, It reminds you of the ancient hieroglyphic!

Can any of your correspondents match this? B.

CITY COUNCIL. First Branch, January 27th. The Council met pursuant to adjournment. Present—Mr. Snyder, president, and all the members.

After the previous day's proceedings were read, Mr. Gorsuch offered a petition signed Richard B. Varden, praying for a remuneration for extra services rendered by him as clerk to the commissioners appointed to change the location of Madison street.

Mr. Bradshaw headed in a petition signed Jas. Townsend and others, relative to freshets on Jones' Falls. Mr. B. had no speech prepared to sustain the petition, it was therefore referred to the committee on harbors.

Mr. Perego presented a petition signed Wm. McLean, Henry Malbone and Bartholomew Cassidy, praying for the amount of their services when attending court at Annapolis as witnesses for the state on the trial of John Price. Referred to committee on claims.

A message was handed in from the Second Branch, which was a report relative to instructions for the joint select committee as regards the government of the two branches of the City Council—concurrent in.

Mr. Fields called up bill No. 4, touching the inspection of butter and lard, which asked for the appointment of two additional inspectors. The bill was passed with an amendment.

A message was received from the Second Branch, which was a bill entitled an ordinance relative to making reports to the Mayor. Not passed.

A message came from the Mayor which signified his approval of a bill relative to the Baltimore General Dispensary. Also another, which was a report of the commissioners of finance. On motion it was sent to the Second Branch, with instructions that it be referred to the joint select committee on accounts of the commissioners of finance.

A message was received from the Second Branch, which was a report from the minority of the committee on claims in reference to the German Reformed Church, in Second-st. Read a second time and concurred in.

Mr. Bender offered a resolution asking the repeal of a resolution, No. 67, adopted in May 22, 1839, in reference to selling manure from our streets to the authorities of the almshouse.

He also keeps constantly on hand, for sale, and is extensively prepared to manufacture, every variety of the newest and most fashionable GILT MANTLE and PIER FRAMES; GILT PORTRAIT and PICTURE FRAMES; GILT CORNICES, BRACKETS, and all other kinds of Fancy GILDING. Together with all the common or uncommon varieties of Mahogany TOILET and PIER FRAMES.

Messrs. Editors: The sole object I had in writing the communication published in Monday's Clipper was the correction of any wrong impressions derivable from certain editorials and communications on the subject of the "banks and their management," which have, from time to time, appeared in our daily papers, by stating the fact, which I again assert to be true, that all the banks in this city had not passed by-laws preventing the examination of private accounts."

The name of the bank, which has not passed the by-laws is immaterial to the question, unless a doubt the correctness of my statement, and therefore decline answering his question. And if it is so evident that I am a director in the bank, a certainly should see the impropriety of my publishing the by-laws of the bank without authority.

Box. The London correspondent of the Signal says that Mr. Dickens is in receipt of about \$3500 a year for the labor of his pen; his first publishers, Chapman & Hall, whom he has never deserted, not even while he lent his name and Oliver Twist to Mr. Bentley, have realized a fortune out of the sale of his works. Master Humphreys' Clock is purchased weekly by forty thousand people.

VALIERS FRENCH PILL, FOR THE CURE OF SECRET DISEASES. One box of these invaluable Pills is worth all the Quack Medicines in the world.

Consider, if we examine the nature of the above disease, and the situation of the parts affected, we must consider it a very important object to be able to obtain a remedy at once certain in its action, and at the same time composed of such ingredients as will prevent the possibility of discovery while using it. It is a fact well known to many, that most of the remedies offered for these diseases are composed of such nauseous drugs, as to render it almost impossible to continue their use without creating a sickness at the stomach or other unpleasant consequences.

Such being the case these Pills will meet the universal approbation, being entirely free from those objections; pleasant in their operation, and prompt in removing the disease. The proprietor would here remark, that the efficacy of these Pills in the disorders alluded to, are not to be ascertained upon supposition; on the contrary, it is founded upon rational experience, having used them in a successful practice for upwards of two years, he feels confident of their superiority over the remedies hitherto employed.

Price one dollar per box. For sale in Baltimore by J. J. Y. Corner of Charles and Pratt streets.

LIVER COMPLAINT. This disease is discovered by a fixed obtuse pain in the right side under the short ribs, attended with heat, uneasiness about the pit of the stomach;—there is in the right side also a distension—the patient loses his appetite and becomes sick and troubled with vomiting. The tongue becomes rough and black, countenance changes to a pale or citron color, or yellow, like those affected with jaundice—difficulty of breathing, disturbed rest, attended with a dry cough, difficulty of laying on the left side, the body becomes weak, and finally the disease terminates into another of a more serious nature, which in all probability is far beyond the power of human skill.

Dr. Hartley's Compound Tonic Strengthening and German Aperient Pills, if taken at the commencement of this disease, will check it, and by continuing the use of the Medicine a few weeks, a perfect CURE will be performed. Thousands can testify to the fact.
