COUGH SYRUP.

COUGH SYRUP.

COUGH SYRUP.

W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of Coughs, Colds, Croups, Asthma, Hoarseness, Bronchitis and Incipient Consumption.

This SYRUP is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more neglected than this; and yet there is none that more certainly and surely undermines health. Many a *neglected Cough* has been but the precursor of long years of suffering; and many a Cold that has been permitted to run its course, has hurried its victim into the premature grave of the Consumptive. Every one knows that we be speak the truth when we say that a *very little* care and attention at first would have warded off that dreadful handmaid of death—Consumption—from many a one who is now lingering beneath its tortures. Be careful then how you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may preserve your life.

Certificates from the following gentlemen cannot fail to impress the public mind with the value of this truly valuable Remedy:

From REV. JAS. H. BROWN, Member of East Baltimore Conference.

This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most happy effects, and recommend it as a most valuable medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.

WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a heavy cold. I can recommend it to clergymen and public speakers.
ANDREW MANSHIP.

From REV. WM. W. HICKS, late Missionary from India.

Mr. Wm. H. Read, Sir:

I cheerfully recommend your Syrup to all persons afflicted with Coughs or Hoarseness, as a certain cure.

The Compound Syrup of Liverwort may truly be called the sufferers friend.
WM. W. HICKS.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this medicine, and in every case recommending it to their friends. Among them may be found
REV. JAS. S. McELRAY;
REV. GEORGE HILDT;

CLEANSE THE BLOOD.

Rx

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some or live disease, or it may creep along and keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure—AYER'S SARSAPARILLA purges out those impurities, and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Humors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Disease, Liver Complaints and Heart Disease. Try Ayer's Sarsaparilla and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for a dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative property whatever. Hence, no disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with cheap, worthless stuff. So we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR

Army Dysentery,

CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air tight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of those direful scourges, fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he saw the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as

DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic), Cholera, Cholera Morbus, Looseness of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its great efficacy in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 8,000 cases of the very often fatal disease, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by the campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousands annually, and that it is not confined in its ravages to any part of our globe, but ranges at large remorselessly, cutting down, *in spite of the best medical aid ever called to relieve it*, the tender infant as well as the aged and trembling adult, in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, I, a Practising Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as well as since, acquired experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after once tried by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.

With the few remarks, it is now confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic trader as well as soldier, many of whom, as is well known, barely survive to reach their homes at the close of the war with Mexico, with himself, but who have been graciously sustained at its effects under its administration.

Throwing aside all "cold wires' *whims and fables*," and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones when prostrated in consequence of these diseases, to give it a trial according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package of it is sufficient for relieving any case.

TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found invaluable and no Shipmaster should fail to take it on leaving ports, it was on the Atlantic where the fatal disease and strife of the elements, its virtues were first more thoroughly made known and abundantly tested by a Ship Surgeon, and while in the Tropics, in the case of a storm, is usually more fatal and rapid in its course than in more temperate climates. The motion of the ship also, from his observation, always aggravates the symptoms, and heretofore baffling the best well known efforts to relieve the patient, in the above diseases

☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest injury. When required, are taken in cold water. Only those proprietary or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly requested. They not perhaps all written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who from hour to hour, day to day, call on the extraordinary effects of the Tropical Dysentery Remedy.

SIR—Your remedy I do not hesitate to say, for its efficacy, surpasses and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have to my knowledge, that you had not earlier become better acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,

ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse; but while I was completely at my wits' end, I made use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with the same complaint during the hot months, which run its course unabated, despite all medicines used by our physicians, for six or eight weeks. Three seems incapable of expressing the speedy cure which I received and administered when an improvement was immediately noticed, and a permanent cure was effected.

Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1863.

While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. The relief was immediate. I advise all my friends not to be without it; and I know while I have it, myself, as well as my physician need never be called in that usually troublesome and often fatal disease.

Respectfully yours,
JAMES ROBERTSON,

BROOKLYN, July 1-63.

DEAR SIR—I was taken with a severe attack of Dysentery, and failed to get relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief, rode out on the island, and through my own imprudence in diet, brought on a severe relapse, which was again relieved by the medicine, and I am happy to add, was permanently cured.

EAST BROOKLYN, L. I., June 1-63.

DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, etc., I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and lasting, and in few instances failed to give satisfaction, even in
