Court Nov. 19, 1761, followed by presentments of the Grand Jury  
for the November term of Court, and entries of trials- I have not had  
the time to check to find whether these items are missing from the  
Judgments or Judicial Records.

3,  
Liber B D No. 1 Dec. 1774- 1775, I can give no explanation  
why, unless by two different deputy clerks, and the same will apply  
to Libers W R 29 and 30 , both for 1806 - 1807.

Liber R P No. 1 May 20, 1777 to Nov. 28 1778.

ADDENDA COVERING DATA REQUIRED

COLUMN TWO MIMEOGRAPHED

FORM. EQUITY RECORDS

July 18, 1940.

AND EQUITY PAPERS.

In the Equity records you will note that I am giving the beginning date July 2, 1816 for number one Equity and the last volume to current use for the following reasons.

The equity case is recorded on completion of the equity in court if it be there 1 month or 15 years, so that the records overlap to such an extent that to give date coverings per volume would be very misleading.

- Examples as follows,
- |                        |           |                        |
|------------------------|-----------|------------------------|
|                        | J S No. 1 | July 2, 1816 to        |
|                        |           | Jan. 12, 1822          |
| <i>J'S No 6</i>        | J.S No. 2 | July 10, 1822 to       |
| <i>May 18, 1826 to</i> |           | Nov. 16, 1827          |
| <i>June 25, 1829.</i>  | J S No. 3 | July 1, 1824 to        |
|                        |           | Aug. 7, 1826           |
|                        | J S No. 4 | Aug. 10, 1825 to       |
|                        |           | June 5, 1835           |
|                        | J S No. 5 | Mar. 9, 1826 to        |
|                        |           | May 9, 1836 and so on. |

You will note too that all other records of the Clerk of the Court's office were number by the year through this period, and that these were not for the above reason.

In the equity papers they are filed numerically by number of equity.

Number one equity has an outside marking, "Filed Oct. 7, 1807, but the first Equity Court is for the first Monday in July 1816. The great majority of these papers are not dated, some are sealed, and again being filed in the numerical order the dates overlap or skip years between files that would be misleading. as example of skipped dates file box with equities 113 to 130, the # 130 equity has a filing date of Apr. 6, 1818 the next file with equity # 131 has a filing date of Jan 22, 1827.

As in any other record if the years were to be used and a person searching for a record and knowing the year would be able to find the paper he was searching very easily.

To find any paper or recording first you must consult the Equity Docket to get the recording in the Equity record by page and the number for the papers. I neglected to ~~state~~ <sup>state</sup> above that the Equity Records are not indexed.

Mr. Eyre checked over this with me on his last trip, and if I have not stated the above clearly enough, I think that he can give you further enlightenment.

I made further check today in the records and papers making certain that the same procedure is carried up to current use, also checked 5 consecutive files per row to see if at any time that may give near corresponding dates.

Are these old original vols. that have been transcribed into the current index? ✓

4 vols. show a question mark in contained date column, it should not be much trouble to get these dates, as the index refers you to the vol. and folio where instrument is recorded. ✓

It is necessary to give the dates at all times unless it is impossible to get them and it does not appear impossible in this case.

THESE BOOKS are apparently the original indices for the Land Records.

If you will note the item 6 contents- there is no reference to book ~~liber~~ liber or number - only the folio. The books listed that had no ~~marking~~ markings were marked with penciled notations for years.

I have secured the years for the four books in question by taking 6 names from each book and using the general indices check against instrument and page for accuracy.

Is this a copy of a contained index or is it a copy of the contents of the report? This cannot be an index arranged alph. by name of mortgagor and mortgagee, but is arr. alph. by name of mortgagor, giving date, name of mortgagee, and amount.

1854 Mch 14	Balto & C.P. Road Co	From The Mayor & City Council of Balto	5,000,000	
1855 Oct. 2	Barrick, John W.	From Jacob Wilkide	—	\$
Dec. 6	Bantz, J. William	From W <sup>m</sup> Costley	Coll.	M.
1856 Apr. 10	Birely, Samuel	From Baltzer Mort	87	M
Nov. 29	Biser, Rosina	From Rich <sup>d</sup> B. Brown	880	a M

The above listings a sample of the index - the first a mortgage for the loan of \$5,000,000; the second, a bill of sale; the third a chattel mortgage for security of promissory note; the fourth, a mortgage; the last an assignment of mortgage. - - these from a check of the General Index, and reference to the Land Records.

If this were arranged as your report shows, the mortgagee would not be shown with the mortgagor as shown above, but would be in the same column as the mortgagor in its alphabetical order.  
eg Biser, Rosina.

Page # 1

Appendix # 1

10/21/40.

The addenda # 1 is a skip about list of names picked from the record with the intention of showing , particularly the notations in the fifth column. Too you will note that all recordings are "From", noting that the listings are for tax checks against persons holding mortgages that are taxable.

Although this record is marked "INDEX", it is a list of mortgages covering the period covered by the record. You will note that I had to refer to the General index of the Land Records and the Land Records to get the information explained below the copied names.

This is the only record of this type in the Court House.

As to any other indices, mortgagor, lienor as the case may be where both names show they are both in the index under their proper initial letter, I made a slip up on this particular book. When I first checked this record I did not notice that the names were listed only "From" and in most instances the Fm is written so small as to look like "To", when you came back for more information, I then noted this and failed to make the correction on item 8.

It will not be necessary to check the other index records for in all others where two names show they are each in or under their respective initial letter of the last name.

---

To satisfy myself I gave this a further check this A.M. after writing the above, and find that there are a few listings of the "To", but as a general description of the record, I would allow above to ride, as is.

### THE TEST OATH

The following is the Test Oath prescribed by The Constitutional Convention and is to be administered to every voter offering to vote by the Judges of Election.

You do swear (or affirm) that you are a citizen of The United States, that you have never given any aid, countenance or support to those in armed hostility to the United States, that you have never expressed a desire for the triumph of said enemies over the arms of the United States, and that you will bear true faith and allegiance to the United States and any law or ordinance of any State to the contrary, notwithstanding, that you will, in all respects, demean yourself as a loyal citizen of the United States, to support the Constitution and laws thereof as the Supreme law of the land, and you make this Oath (or affirmation) without any reservation or evasion, and believe it to be binding on you.

This Oath is not to be taken as conclusive evidence of the right of such person to vote, but may be set aside by other testimony that shall appear satisfactory to the Judges, and any person swearing or affirming falsely shall be liable to penalties of perjury.

Have you on any occasion among those with whom you associate and are on terms of Friendship, expressed any sympathy for the South, as such, now in Rebellion to the Government of the United States?

DATE Nov. 5, 1937.

TO Mr. Walter F. Meyer

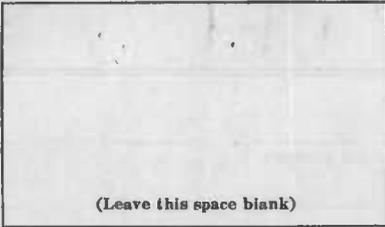

FROM Geo. C. Slagle

**BE BRIEF**

Mr. Meyer the attached form for Plaintiffs and Defendants are among the missing. They are here someplace but I have been unable to locate them. If you will recall some of my previous correspondence, you will remember, that in the Old Records Room the shelves and drawers are crowded to overloading and books and papers are placed there without regard to any arrangement. This also explains the time required to complete the check, which I feel has been plenty long.

This report completes the check of the Clerk of the Circuit Court Office and Records.
