Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) September 27 informational meeting conducted for the Auth Village community in Prince George's County regarding the planned sound barrier project along I-95/I495. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Auth Village community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Natalie B. Hardy  
Special Assistant to the Director  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the September 27 informational meeting, hosted by the State Highway Administration at the Princeton Elementary School, regarding a sound barrier for the Auth Village community along the inner loop of I-95/I-495 near Auth Road in Prince George's County. I appreciate the opportunity to provide you with the following information from the meeting.

The purpose of the meeting was to discuss the sound barrier plans for the residences currently receiving high levels of traffic noise and to determine that at least 75 percent of those impacted property owners approve of the sound barrier placement. There were approximately eight homeowners present. We wish to follow up with those homeowners who were unable to attend the meeting by providing them with copies of the material distributed at the meeting. Enclosed, for your information, are copies of the distributed materials: the agenda; an information sheet listing typical noises in the environment; a plan sheet showing the sound barrier location, current noise levels and proposed noise reduction; cross-section views of the community; and a copy of our brochure, *Community Resource Guide On Sound Barriers*.

Construction of the project is currently scheduled to begin in the Summer of 2001. The portions of the sound barrier west of Auth Road will be similar to the existing sound barrier. The portions of the sound barrier east of Auth Road will have a brick appearance. The estimated time of construction could be approximately one year.

Thank you for your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Dear «Title» «LastName»:

The State Highway Administration has submitted an application to the Nontidal Wetlands and Waterways Division of the Water Resources Administration (WRA) for a permit to construct a sound barrier for the Auth Village community. The project site is located along the inner loop of I-495 from approximately 1,450 feet east of Auth Road to approximately 445 feet west of Auth Road in Prince George's County. The proposed work consists of the installation of sound barrier.

Since you are a contiguous property owner, you are being notified of the proposed project. Persons wishing to review the plans for this project may contact Ms. Natalie Hardy, Special Assistant to the Director of the Office of Environmental Design, by mail, at the following address:

Ms. Natalie B. Hardy  
State Highway Administration  
Mail Stop C-303  
707 North Calvert Street  
Baltimore MD 21202

If you have any questions concerning then application, please do not hesitate to contact Ms. Hardy at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Charles B. Adams  
Director  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The State Highway Administration will conduct an informational meeting for the Auth Village community regarding the proposed sound barrier along I-95/I-495 near Auth Road in Prince George's County. The meeting is scheduled for Wednesday, September 27, 2000, from 7:00 - 9:00 p.m., at the Princeton Elementary School, 6101 Baxter Drive, Suitland, Maryland. The purpose of the meeting is to present information about the sound barrier for the community. Displays will be available from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on September 27. If you have any questions before the meeting, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) September 13 informational meeting conducted for the Bradley Manor community in Montgomery County regarding the planned sound barrier project along I-495. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Bradley Manor community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Natalie B. Hardy  
Special Assistant to the Director  
Office of Environmental Design

Dear «Title» «LastName»:

This is a follow-up to our recent letter regarding the September 13 informational meeting hosted by the State Highway Administration (SHA) for the Bradley Manor community and the proposed sound barrier project for the community. It has come to our attention that some of the packets that were sent out did not include all of the required materials. I apologize for this oversight.

Enclosed is another copy of our September 19 letter and all of the materials that were distributed at the meeting. We appreciate your patience and understanding.

Thank you for your continuing interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

James D. Hade, RLA  
Noise Abatement Team Leader  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the September 13 informational meeting, hosted by the State Highway Administration (SHA) at the Wyngate Elementary School, regarding a sound barrier for the Bradley Manor community along the inner loop of I-495, beginning at Greentree Road and ending approximately 2,600 feet east of Greentree Road toward Fernwood Road in Montgomery County. I appreciate the opportunity to provide you with the following information from the meeting.

The purpose of the meeting was to discuss the sound barrier plans for residences currently receiving high levels of traffic noise and the need to determine that at least 75 percent of those impacted property owners approve of the sound barrier placement. We wish to follow up with those homeowners who were unable to attend the meeting. There were approximately 13 homeowners present. At the community's request, SHA will contact the community when the 75 percent concurrence is achieved and will also perform post-barrier construction noise level measurements. Enclosed, for your information, are copies of the materials distributed at the meeting: the agenda; an information sheet listing typical noises in the environment; a plan sheet showing the location of the proposed sound barrier, current noise levels, proposed noise reduction and cross-sections of the roadway; and a copy of our brochure entitled, *Community Resource Guide On Sound Barriers*. «Text»

Page Two

31

Construction of the sound barrier project is currently scheduled to begin in the Spring of 2001 and will take up to two years to complete. As this project is being included with the construction of two other nearby sound barriers along I-495, the actual start date for your sound barrier will be dependent on the contractor's proposed sequence of construction. The finished surface of the proposed sound barrier will be exposed aggregate on the residential side and a double-raked finish on the highway side. The highway side of the barrier would also be stained a dark brown to match other nearby existing sound barriers.

Thank you for your continuing interest in the State's Sound Barrier System. If you have any questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Charles B. Adams  
Director  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The State Highway Administration will conduct an informational meeting for the homeowners of the Bradley Manor community to report on the progress of the sound barrier project along I-495. The meeting is scheduled for Wednesday, September 13, 2000, 7:00 - 9:00 p.m. at the Wyngate Elementary School, 9300 Wadsworth Drive, Bethesda. Displays will be available for viewing from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on September 13. If you have any questions or concerns before the meeting, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.stat.md.us](mailto:nhardy@sha.stat.md.us).

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles B. Adams', written over a horizontal line.

Dear «Title» «LastName»:

RE: Property at «Premise\_Address»

The recent letter that you received from me regarding the planned sound barrier for the Burning Tree Estates community along I-495 in Montgomery County was inadvertently sent to you. The information in that letter applied to the northern portion of the sound barrier project. Please accept my apology for the confusion it may have caused. The State Highway Administration has analyzed several options to build the sound barrier to also protect the southern portion of the Burning Tree Estates community. You are cordially invited to attend a meeting on November 14 at the home of Mr. and Mrs. Thorsten Gunther, 8605 Seven Locks Road, Bethesda, to discuss the results of our analysis. The meeting will start at 6:30 p.m. and last until approximately 9:00 p.m.

Thank you again for your understanding. If you have any questions or concerns before the meeting, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Natalie B. Hardy

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) May 23 informational meeting conducted for the Burning Tree Estates community in Montgomery County regarding the planned sound barrier project along I-495. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Burning Tree Estates community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

Natalie B. Hardy  
Special Assistant to the Director  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «Premise Address»

This letter is a follow-up to our May 10 letter to you regarding the sound barrier for the Burning Tree Estates community. I appreciate the opportunity to provide you with this information. A meeting to discuss the final analysis for the southern-most portion of the proposed sound barrier will be held on Tuesday, September 12, from 6:30 - 8:30 p.m. at the Seven Locks Elementary School, located at 9700 Seven Locks Road, Bethesda. Your attendance at this meeting would be greatly appreciated.

Thank you for your patience while we conducted our analysis and we look forward to meeting with you on September 12. If you have any questions or concerns before the meeting, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Charles B. Adams  
Director  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the May 23 informational meeting for the Burning Tree Estates community regarding the sound barrier project along the outer loop of I-495 from Bradley Boulevard to River Road. Several questions were raised at the meeting by Ms. Patricia Sollock, of 7501 Glennon Drive, and have been answered in a letter to her dated June 9. Ms. Sollock requested that we forward a copy of the State Highway Administration's letter to her to the residents on Glennon Drive. Enclosed, as Ms. Sollock requested, is a copy of that letter for your information.

Thank you for your interest in the State's Sound Barrier Program. If you have any additional questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Natalie B. Hardy  
Community Liaison

DID NOT SEND THIS LETTER TO DR & MRS. SOLLOK

157

**From:** NATALIE HARDY  
**To:** TED SEVERE  
**Date:** 7/25/00 3:25PM  
**Subject:** Follow up to the Glennon Drive request for the movement of the Sound Barrier

58

Hi Ted-

Fred spoke with Ms. Sollock on last week to clarify a few points in our letter that indicated the barrier would remain in the location indicated at the meeting. During the conversation Ms. Sollock as that SHA send a copy of the letter to those citizens on Glennon Drive to inform them of our decision.

Would you please follow through with this request?

Thanks-

Natalie

«HouseNo» «PremiseAddress»

Dear «Title» «LastName»:

This letter is a follow-up to the May 23 information meeting hosted by the State Highway Administration (SHA) regarding a sound barrier for the Burning Tree Estates community along I-495 in Montgomery County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to discuss the proposed sound barrier plans for residents currently receiving high levels of traffic noise and the need to determine that at least 75 percent of those residents either approve or disapprove of the placement of the barrier. Approximately 50 property owners were present at the meeting and we wish to follow up with those not in attendance to determine whether they will approve or disapprove the proposed sound barrier. We have provided the following items: a copy of the meeting's agenda; a table listing typical sounds and their respective noise levels; a copy of SHA's brochure, *Community Resource Guide On Sound Barriers*; a copy of the displays from the meeting that indicate current noise levels, proposed noise reduction and placement of the proposed sound barrier; and a voting card that asks for your selection and signature for the approval or disapproval of the proposed sound barrier project. If two homeowners are indicated on the card, a selection should be chosen and both signatures should be written. The enclosed voting card is postage paid. Please return it as soon as possible. After the voting cards are received, the results will be forwarded to you.

The project is currently scheduled to begin construction in the Spring of 2001 and will take up to two years to complete. The finished surface of the proposed sound barrier will be an exposed aggregate on the residential side and a double-raked finish on the highway side, similar to the sound barriers constructed on the opposite side of I-495 for the Arrowood community.

Dear «Title» «LastName»:

The State Highway Administration will conduct an informational meeting for the homeowners of the Burning Tree Estates community to report on the progress of the sound barrier project along I-495. The meeting is scheduled for Tuesday, May 23, 2000, from 7:00 - 9:00 p.m. at the Seven Locks Elementary School, 9500 Seven Locks Road, Bethesda.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on May 23. If you have any questions before the meeting, please feel free to contact Ms. Natalie Hardy, of my staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Dear «Title» «LastName»:

The State Highway Administration has recently completed noise level measurements for the Burton Avenue community near Seminary Park, in the northeast quadrant of the I-83/1-695 interchange in Baltimore County. I appreciate the opportunity to provide you with the results of our investigation.

The State Highway Administration has evaluated your community to determine if it meets all of the following: the majority of the homes in the community must predate the highway; existing noise levels must equal or exceed the 66 decibel impact threshold; and an effective barrier must be able to be built for \$50,000 or less per benefited home. The Burton Avenue community does meet our date criterion and a noise level measurement evaluation was performed.

A total of eight locations were selected as being representative of the 36 homes along Burton Avenue. They included five sites at homes closest to I-83 and I-695 and three additional homes deeper within the community and farther from the highways. Attachment 1 shows the position of each noise testing site and the highest noise levels. Each site was tested for a full 24-hour period and the highest noise levels were found during the morning rush-hour period (6:00-8:00 a.m.). Enclosed are graphs showing the noise levels for the 24-hour period for all 8 of the receptor sites. The results show that noise levels did not reach the 66 decibel impact threshold at any of the residences along Burton Avenue.

We believe that the reason for the limited noise levels is that the Burton Avenue homes are separated from I-83 by the Seminary Park athletic fields. In addition, the top of the embankment along the right-of-way line at the park boundary provides some shielding of noise from the northbound lanes and ramps of I-83, north of the Beltway. Because noise levels did not reach the 66 decibel impact threshold, we cannot further consider the Burton Avenue community for a sound barrier.

Dear «Title» «LastName»:

This letter is to bring you up to date on the status of the analysis for a sound barrier for the «Community» in Montgomery County. I appreciate your patience as we have been conducting this evaluation.

The analysis of the noise barrier required for your community has taken longer than we previously expected. We anticipate being able to sponsor a community meeting to share our results at the end of February 2001.

Thank you again for your patience and interest in the State's Sound Barrier Program. If you have additional questions or concerns in the interim, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

James D. Hade, RLA  
Noise Abatement Team Leader  
Office of Environmental Design

7913 Cypress Grove Lane  
Cabin John, Maryland 20818

November 6, 2000

John D. Porcari, Secretary  
Maryland Department of Transportation  
P.O. Box 8755  
BWI Airport, Maryland 21240-0755

Re: Carderock Springs South Inner Loop Barrier

Dear Mr. Porcari:

We and the residents of our neighborhood have been made aware by the Carderock Springs South community of efforts that they have made to have sound barriers constructed around their impacted homes. In a letter of September 21, 2000 to Ms. Jan Evans by Mr. James Hade, RLA, we noticed that Scully and Loy took measurements at three (3) locations on Cypress Grove Lane. We on Cypress Grove assume that we have been included in this latest modeling and analysis. If by some error or other happenstance we are not being included in this study we are taking this means to strongly suggest that we need to be.

We have been asking for this for many, many years. Mr. Charles Adams visited with us approximately five years ago and told us that we fell below (.001) the decibel level necessary to construct the barriers. We are all quite sure that this is no longer true. Our taxes keep on going up and nothing is being done to allow us to have the peaceful enjoyment of our homes. Our property values have depreciated because of the noise and yet our taxes have doubled in the years that we have lived here.

The sound barriers are everywhere along the Beltway except here, including directly across the highway from here. The noise is intolerable and something must be done. We believe that most of the residents here would be willing to go along with the cost sharing agreement but it has never been presented to us. Mr. Hade states in his letter to Ms. Evans in response to Question #4 that he anticipated completing the noise management report and a preliminary barrier report by the end of October. We are asking to be made aware of these results and any relevant meetings so that we know what's going on.

...of the ...  
...the ...  
...the ...

155  
Thank you for your attention to this most serious matter,  
we remain

Sincerely yours,

Karen S. Scheinberg  
Martin S. Scheinberg

«Mailing\_Address»

Dear «Title» «LastName»:

RE: Property at «House\_No» «Premise\_Address»

This letter is a follow-up to the July 13 informational meeting, hosted by the State Highway Administration (SHA) at the Epiphany Lutheran Church, regarding a sound barrier for the Columbia Hills community along US 29 at MD 108 in Howard County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to discuss the sound barrier plans for residents currently experiencing high levels of traffic noise and the need to determine that at least 75 percent of those property owners approve of the placement of the barrier. Approximately 24 property owners were present at the meeting. We wish to follow-up with those homeowners who were unable to attend the meeting. Enclosed, for your information, are copies of the materials distributed at the meeting: a copy of the meeting's agenda; an information sheet listing typical sounds and their respective decibel levels; a plan showing the current noise levels, proposed noise reduction and the placement of the proposed sound barrier; and a drawing showing cross sections of the roadway and the placement of the barrier. «Text»

Page Two

An issue raised by several homeowners asking SHA to look into the possibility of removing an existing wooden privacy fence. Mr. Frank Knapp, from the District Right-of-Way Office, stated that the fence had been constructed by SHA on private property and could be removed by the property owners if they wished to do so. Another issue that was raised concerned a section of damaged roadway on US 29 and Mr. Knapp stated that it would be referred to District Maintenance.

Construction of the sound barrier is currently scheduled to begin in the Spring of 2001 and will take up to 18 months to complete. The finished surface of the proposed sound barrier will be an exposed aggregate on the residential side and a double-raked finish on the highway side.

Thank you for your interest in the State's Sound Barrier Program. If you have any additional questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, Community Liaison, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Dear «Title» «LastName»:

The State Highway Administration will hold an informational meeting for the homeowners of the Columbia Hills community to report on the progress of the sound barrier project along US 29. The meeting is scheduled for Thursday, July 13, 2000, from 7:00 - 9:00 p.m. at the Epiphany Lutheran Church, 9122 Sybert Drive, Ellicott City, Maryland. Displays will be available for viewing from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on July 13. If you have any questions before the meeting, please feel free to contact Ms. Natalie Hardy, Community Liaison, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Charles B. Adams  
Director  
Office of Environmental Design

«Title» «FirstName» «LastName»  
«MailAddress»

Dear «Title» «LastName»:

Thank you for meeting with Ms. Natalie Hardy and Mr. James Hade, of my staff, on June 2nd. I appreciate the opportunity to answer the questions and concerns that you raised at that meeting. I apologize for the tardiness of this response and appreciate your patience while we worked to answer all of your questions. The answers to your questions on eligibility for a sound barrier are based upon the Sound Barrier Policy in effect at the time that the State Highway Administration received approval for the work on US 50.

You asked for a description of the project and the limits of the proposed expansion work to US 50. The High Occupancy Vehicle (HOV) project consists of the addition of two lanes in the median of US 50, one eastbound and one westbound, between the Capital Beltway (I-95/I-495) and US 301. The HOV lanes would only be available for use during the peak rush hour for each direction.

In our meeting, you said that truck traffic has significantly increased as a result of the opening I-97, where trucks that used to stay on US 301 now use US 50 past your homes to access I-97. What we read from your concern is that there are two issues: 1. Whether or not the environmental evaluation accurately accounted for such a change and; if not, 2. Whether that fact would have had a bearing on the past noise evaluation or whether your community would now be eligible for a barrier.

According to recent traffic counts, there has been a 20 percent increase in the Average Daily Traffic over that anticipated for the year 2005 in the original environmental document. There has been, as you observed, an increase in the truck percentage from 4 percent anticipated in the 1982 Environmental Documents to 9 percent observed today. If the traffic that is observed today had been used in the original study, we expect that the predicted noise levels would be 3 to 4 decibels higher, which would have confirmed what you now experience, as noise levels have exceeded the 67 decibel impact threshold. It is our feeling that, had the environmental document indicated today's traffic levels, a noise impact would have existed at a maximum of three properties (those homes that were built before the 1982 date of the environmental document.)

My telephone number is \_\_\_\_\_

Maryland Relay Service for Impaired Hearing or Speech  
1-800-735-2258 Statewide Toll Free

**Mailing Address: P.O. Box 717 • Baltimore, MD 21203-0717**  
**Street Address: 707 North Calvert Street • Baltimore, Maryland 21202**

179

The Policy, in effect at that time, tested two conditions: 1. If existing noise levels are 57 decibels or less, would the construction of the improvements result in a 10 decibel increase over the "no-build" condition? OR 2. If existing or future noise levels were above 67 decibels, would the future noise levels increase by 5 decibels or more as a result of the proposed improvement over the case of not building the improvement.

The following table summarizes the findings of the noise analysis, today's noise levels and shows whether the impact criterion would have been met:

	A.	B.	C.	D.	E.	F.
Location	Ambient Noise Level	No-build Noise Level	Selected Action Noise Level	1996 Measured Noise Level Peak Leq	Existing condition Meets condition 1: Ambient Noise levels =< 57 dBA and increase by 10 dBA (Column A is 57 or less, and Column D is 10 or more greater than Column A)	Existing situation Meets condition 2: Existing or future noise levels at or above 67 dBA and future levels increase by 5 dBA or more (Columns A, B, or C 67 dBA or greater and D is 5 or more greater than column B)
NSA N-40 (near Rossback Road)	63	64	65	69*	No*	No*
NSA N-42 (approximately lot 9)	57	59	60	Less than 69**	No**	No**
<p>* It is assumed that the measured location has in a similar relationship to the highway as NSA N-40 did in the environmental document.</p> <p>**Noise measurements were not taken at a similar position as NSA-42, and since the ambient and predicted levels were lower than that of N-40, it is assumed that levels in 1996 would have had a similar relationship.</p>						

Had the environmental document data been based upon current traffic on US 50, your community would still not have met the eligibility criteria for a sound barrier based on the fact that the increases you have experienced did not meet the 5 decibel change threshold even though future levels would have been at the impact threshold. (This condition is similar to that of a number of communities across the state, such as those along the I-270 East Spur and I-495 south of I-270)

180

You suggested that a barrier approximately 1,200 feet long and 14 feet tall would probably be sufficient to protect your homes. In addition to evaluating the cost of your barrier assumption, we performed what we call a "thumbnail barrier cost analysis" on two possible barrier scenarios, using generally accepted "rules of thumb." The average height for a barrier in Maryland is approximately 18 feet. Generally speaking, a barrier must run past a noise sensitive area four times the distance between the barrier and the receptor location (i.e., if a receptor location is 100 feet from the highway, a barrier needs to go 400 feet past the receptor in order to significantly reduce noise levels.) Another of the "rules of thumb" that we use is that we very rarely encounter noise levels above the impact threshold more than 500 feet away from the highway, nor do we find homes benefiting by more than two or three decibels beyond 300 feet behind a barrier. The policy, in effect at the time these decisions were made, required a minimum 5 decibel benefit in order for a barrier to be considered reasonable.

The following table (on the next page) shows the results of our thumbnail barrier cost analysis for Hanson Hills, adjacent to eastbound US 50. The cost per residence criterion is based on the cost of the posts, panels, and foundations installed which amounts to \$16.54 per square foot. The actual cost of the barrier includes all of the remaining items necessary to complete a given project and adds an additional \$10.46 per square foot to the \$16.54 for a total cost of \$27.00 per square foot.

Of the residences that existed at the time of the environmental analysis, a maximum of three would possibly receive a benefit of at least 5 decibels from the State's barrier assumptions. We also studied ways to reduce the barrier length by looking at an alternative where a barrier could be located mostly on the State's right-of-way, but also with a turn back at the ends onto private land (that would have to be donated to the State). Finally, we gave the cost figures for the barrier that you suggested might be acceptable, but for which we have already indicated would not likely give a reasonable amount of protection. We have included copies of aerial photographs of the approximate location and length of the two barrier studies that were assumed to provide the better levels of protection.

181

Wall Description	Length	Height	Post, panel, foundation cost	Cost per residence (for 3 benefitted homes*)	Complete barrier cost
SHA thumbnail #1 Barrier entirely on SHA right of way	2,850	18	\$848,502	\$282,834.00	\$1,385,100
SHA thumbnail #1 Barrier entirely on SHA right of way using Community assumed height	2,850	14	\$659,946	\$219,982.00	\$1,077,300
SHA thumbnail #2 Barrier on SHA right of way but bending at ends onto donated easements	1,675	18	\$498,681	\$166,227.00	\$814,050
SHA thumbnail #2 Barrier on SHA right of way but bending at ends onto donated easements using community assumed barrier height	1,675	14	\$387,863	\$129,287.67	\$633,150
Barrier using all community assumptions	1,200	14	\$277,872	\$92,624	\$453,600

\* Only three residences existed at the time approval for the project was given.

One of the policy criteria requires that, for a barrier to be considered reasonable, the cost per benefitted residence be \$50,000 or less. The barrier exercises shown above illustrate that the cost-per-residence for a barrier at this location would be well above the policy limit.

You asked for the State to construct a wooden privacy fence if not a sound barrier. It is the State's policy that if a community does not pre-date the original highway, a screen fence cannot be constructed as that could be construed to be a form of noise mitigation.

You also asked for the State to consider the differences in property taxes that are paid by large landowners versus that of smaller landowners which, you believe, makes the cost-per-residence an unfair limitation. The State's Sound Barrier Policy underwent a number of changes that were adopted in 1998 which, in essence, did increase the cost-per-residence allowance by a substantial amount. The date criterion, requiring homes to predate the highway to be considered for a Type II barrier, however, was not changed.

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) September 21 informational meeting conducted for the Harris Heights community in Anne Arundel County regarding the planned sound barrier project along MD 695. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Harris Heights community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Natalie B. Hardy

RE: Property at «PremiseAddress»

This letter is a follow-up to our June 13 letter regarding the sound barrier evaluation for the Lawyers Hill community, along northbound I-95 from the Montgomery Road overpass to the I-95/I-895 interchange, in Howard County. I appreciate your patience during the evaluation process. The analysis to determine eligibility for a sound barrier based on historic information is still being conducted. We anticipate forwarding the results to you by the end of January 2001.

Thank you again for your continued patience. If you have any questions or concerns in the interim, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

«MailAddress»

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the September 21 informational meeting, hosted by the State Highway Administration (SHA) at the North Glen Elementary School, regarding a sound barrier for the Harris Heights community along MD 695 in Anne Arundel County. I appreciate the opportunity to provide you with information from the meeting.

The purpose of the meeting included: a discussion of the proposed improvements to MD 695 from I-97 to MD 10; the planned sound barrier for residences that will receive high levels of traffic noise as a result of the improvements; and the need to determine that at least 75 percent of those property owners who will be impacted approve of the sound barrier placement. The improvement project consists of the design and construction of median widening to accommodate a third lane along both eastbound and westbound MD 695 between I-97 and MD 10. The project also includes design and construction of outside widening to lengthen the acceleration lane from southbound MD 2 to westbound MD 695 to meet current design standards. The improvement will include one 12-foot lane in each direction, 6 to 11-foot shoulders, and a 2-foot barrier separating eastbound and westbound MD 695.

We wish to follow up with those homeowners who were unable to attend the meeting. There were approximately five homeowners present. Enclosed, for your information, are copies of the materials distributed at the meeting: the agenda, an information sheet listing typical sounds and their respective decibel levels; a plan sheet showing the location of the proposed sound barrier, projected noise levels, projected noise reductions and cross-sections of the highway; and a copy of our brochure, *Community Resource Guide On Sound Barriers*. «Text»

Page Two

Construction of the project is currently scheduled to begin in the Spring of 2001. Construction time is currently estimated to be approximately one year. The proposed sound barrier is being included with the improvements to MD 695. The actual start date for the sound barrier will be dependent on the contractor's proposed sequence of construction. The finished surface of the proposed sound barrier will be similar to nearby existing sound barriers with an exposed aggregate surface on the both sides of the barrier.

Thank you for your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Charles B. Adams

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The State Highway Administration will conduct an informational meeting for the homeowners of the Harris Heights community to report on the progress of the improvements to MD 695 from I-97 to MD 10 in Anne Arundel County, which includes a proposed sound barrier. The meeting is scheduled for Thursday, September 21, 2000, from 6:30 - 8:30 p.m. at the North Glen Elementary School, 615 West Furnace Branch Road, Glen Burnie, Maryland.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on September 21. If you have any questions or concerns before the meeting, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Dear «Title»«LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to our November 3 letter regarding the status of the sound barrier evaluation for the Lawyers Hill (Elibank Drive) community along southbound I-95 between the I-95/I-895 interchange and Montgomery Road in Howard County. I appreciate your patience while we conducted our evaluation and the opportunity to provide you with the results.

The intent of the Type II, or retrofit, portion of the State's Sound Barrier Program is to address areas of noise impact along highways that were built before environmental analyses became a part of the highway development process. All of the following technical criteria must be met for a barrier to be approved: the majority of homes must predate the highway; existing noise levels must equal or exceed the 66 decibel impact threshold; and an effective barrier must be able to be built for \$50,000 or less per benefited home. In addition, consideration can be given for properties that are part of an historic district, such as your portion of the Lawyers Hill community.

While the Lawyers Hill (Elibank Drive) community does predate I-95 and there are highway noise impacts that exceed 66 decibels, our evaluation determined that the cost to build an effective barrier would be \$1,414,170. A sound barrier approximately 4,750 feet long with an average height of 18 feet would be needed to protect the Lawyers Hill (Elibank Drive) community. This equals 85,300 square feet of sound barrier. When determining the sound barrier cost per residence, we use the cost for the posts, panels and foundations. This cost is based on the last five years bid results and is currently \$16.54 per square foot. When we multiply the 85,300 square footage by \$16.54, the qualifying total cost equals \$1,414,170. Because the Lawyers Hill (Elibank Drive) community is part of the Lawyers Hill historic district, we add an additional 10 "home" credit to the 8 existing impacted homes for a total of 18 residences. When we take the \$1,414,170 cost and divide it by the 18 equivalent residences, the cost per residence becomes \$78,565, which is greater than the \$50,000 per benefited residence criterion. Therefore, the State cannot provide a sound barrier for the Lawyers Hill (Elibank Drive) community.

«MailAddress»

Dear «Title» «LastName»:

RE: Property at «PremiseAddress»

The State Highway Administration (SHA) has completed its review of the eligibility of the Lawyers Hill community, along northbound I-95 from Montgomery Road to the I-95/I-895 interchange in Howard County, for a sound barrier under the State's Sound Barrier Program. I appreciate your patience while we conducted this review.

It is my pleasure to inform you that the Lawyers Hill community meets the technical requirements for a sound barrier. The next step is for Howard County to agree to fund 20 percent of the sound barrier's cost. We need this commitment before we consider State funding for the barrier. Information regarding the funding requirements for this barrier will be forwarded to County Executive James N. Robey. We will coordinate with Howard County concerning the funding and keep you informed as we work through this process.

Thank you again for your patience and your interest in the State's Sound Barrier Program. If you have any questions, please feel free to contact me or Mr. Charles B. Adams, SHA's Director of the Office of Environmental Design, at 410-545-8640 or 1-800-446-5962 or, by email, at [cadams@sha.state.md.us](mailto:cadams@sha.state.md.us).

Sincerely,

Parker F. Williams

«Address»

Dear «Title» «LastName»:

This letter is to update you on the status of the sound barrier project for the Lawyers Hill community, along northbound I-95 from Montgomery Road to the I-95/I-895 interchange, in Howard County. I appreciate your continued patience and apologize for the length of time that it has taken us to conduct our evaluation. The following is the explanation for this delay.

In order to finalize our analysis of the Lawyers Hill community to determine if the area meets the requirements for a sound barrier, an additional analysis is necessary to determine eligibility for the National Register of Historic Places for each residence that contributes to the creation of the historic district and that is impacted by highway noise. We are coordinating with the Maryland Historical Trust on this analysis and expect to provide you with the results by the end of October. The owners of those homes will be contacted by a representative from R. Christopher Goodwin & Associates, Inc., to coordinate the analysis.

Thank you again for your patience while we continue to conduct our evaluation. If you have any questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

«Title» «FirstName» «LastName»  
«MailAddress»

Dear «Title» «LastName»:

This letter is to update you on the status of the sound barrier evaluation for the Locust Hill Estates community, along the inner loop of I-495 west of Cedar Lane in Montgomery County. I appreciate your patience while we have conducted our investigation.

We are finalizing our analysis of the Locust Hill Estates community to determine if the area meets the requirements for a sound barrier. It has taken us longer than originally anticipated to complete this work because of the weather and we now expect to provide you with the results of our analysis by the end of November.

Thank you again for your patience while we continue our investigation. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Natalie B. Hardy

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the September 25 informational meeting, hosted by the State Highway Administration (SHA) at the Grace English Lutheran Church, regarding a sound barrier for the Longford North community along southbound I-83 above Seminary Avenue in Baltimore County. I appreciate the opportunity to provide you with the following information from the meeting.

The purpose of the meeting was to discuss the sound barrier plans for the residences currently receiving high levels of traffic noise and to determine that at least 75 percent of those impacted property owners approve of the sound barrier placement. There were approximately 41 homeowners present. We wish to follow up with those homeowners who were unable to attend the meeting by providing them with copies of the material distributed at the meeting. Enclosed, for your information, are copies of the distributed materials: the agenda; an information sheet listing typical noises in the environment; two plans sheets showing two possible sound barrier locations, current noise levels, and proposed noise reduction; cross-section views of the community; and a copy of our brochure, *Community Resource Guide On Sound Barriers*.

Construction of the project is currently scheduled to begin in the Summer of 2001. This project is being included with another sound barrier project for the Country Club Park community located directly across I-83 from the Longford North community. The actual start date will be dependent on the contractor's proposed sequence of construction. The finished surface of the proposed sound barrier will be similar to existing sound barriers in the area.

Thank you for your continuing interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) September 25 informational meeting conducted for the Longford North community in Baltimore County regarding the planned sound barrier project along I-83. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Longford North community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Fall of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The State Highway Administration will conduct an informational meeting for the Longford North community regarding the proposed sound barrier along southbound I-83. This meeting is scheduled for Monday, September 25, 2000, at 7:00 - 9:00 p.m., at the Grace English Lutheran Church, 8601 Valleyfield Road, Lutherville-Timonium, Maryland. The purpose of this meeting is to present information about the sound barrier. Displays will be available for viewing from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on September 25. If you have any questions before the meeting please feel free to contact Ms. Natalie Hardy, of my staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

Charles B. Adams  
Director  
Office of Environmental Design

cc: Ms. Natalie B. Hardy, Special Assistant to the Director of Environmental Design, State Highway Administration

Dear «FirstName» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) August 22 informational meeting conducted for the Longwood community in Montgomery County regarding the planned sound barrier project along I-495. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Longwood community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

Natalie B. Hardy  
Special Assistant to the Director  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is follow-up to the August 22 informational meeting, hosted by the State Highway Administration (SHA) at the Davis Community Library, regarding a sound barrier for the Longwood community along the inner loop of I-495 between Bradley Boulevard and Greentree Road in Montgomery County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to discuss the sound barrier plans for residences currently receiving high levels of traffic noise and the need to determine that at least 75 percent of those impacted property owners approve of the placement of the barrier. We wish to follow up with those homeowners who were unable to attend the meeting. Enclosed, for your information, are copies of the materials distributed at the meeting: a copy of the meeting's agenda, an information sheet listing typical sounds and their respective decibel levels; a plan showing the current noise levels, proposed noise reduction and drawings showing cross sections of the road and placement of the barrier and a copy of the Maryland Department of Transportation State Highway Administration brochure, *Community Resource Guide On Sound Barriers*. «Text»

Several homeowners raised the following issues: placement of the sound barrier on private property in several areas; the possibility of constructing the barrier in the median between the inner and outer loops of I-495; and determine if the difference in elevation between the inner and outer loops were taken into consideration in the barrier design. We will review and evaluate these requests and, once our review is complete, we will forward the results.

252

Construction of the sound barrier project is currently scheduled to begin in the Spring of 2001 and will take up to two years to complete. As this project is being included with the construction of two other nearby sound barriers along I-495, the actual start date may shift depending on the contractor. The finished surface of the proposed sound barrier will be exposed aggregate on the residential side and a double-raked finish on the highway side, similar to existing nearby sound barriers.

Thank you for your continuing interest in the State's Sound Barrier Program. If you have any additional questions or concerns, please do not hesitate to contact Ms. Natalie B. Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by email, at nhardy@sha.state.md.us.

Sincerely,

Charles B. Adams  
Director  
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The planned informational meeting for the Longwood community, to be presented by the State Highway Administration (SHA), tomorrow evening, July 12, 2000, at the Davis Community Library, 6400 Democracy Boulevard, Bethesda, is being postponed. We apologize for the short notice of this announcement and we plan to reschedule the meeting within a month.

Thank you for your understanding. We look forward to meeting with you. If you have any questions or concerns before the rescheduled meeting, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@state.state.md.us](mailto:nhardy@state.state.md.us).

Sincerely,

Natalie B. Hardy

Dear «Title» «LastName»:

The State Highway Administration will hold an informational meeting for the homeowners of the Longwood community to report on the progress of the sound barrier project along the inner loop of I-495 from Bradley Boulevard to Greentree Road. The meeting is scheduled for Wednesday, July 12, 2000, from 7:00 - 9:00 p.m. at the Davis Community Library, 6400 Democracy Boulevard, Bethesda. Displays will be available for viewing from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on July 12. If you have any questions before the meeting, please feel free to contact Ms. Natalie Hardy, Community Liaison, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at [nhardy@sha.state.md.us](mailto:nhardy@sha.state.md.us).

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles B. Adams'.
