

Morning Herald
Hagerstown, Md.

SEP 29 1987

called for construction of a four-lane divided highway between Bel Air and Brier Hill Drive, and a five-lane highway between

connecting ...
deen and Havre de Grace areas. It is heavily traveled and used far beyond its designed capacity. The

mation meeting last April, many of them opposed to widening the road.

New Md. 144 bridge opens

Transportation officials recently opened the eastbound Md. 144 span, at right, over the Monocacy River in Frederick County, Md., to two-way traffic. Drivers had been using the

westbound bridge while work was done on the eastbound structure. The road used to also serve as Interstate 70 until the freeway was rerouted so that exit ramps could be added.
