DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

Considered to be the oldest house in Galesville, this is probably the structure marked on the 1860 and 1878 county maps, owned by A.G. Gibbs and Son and Estep Hilliant respectively. The house stands near the site of William Penn's meeting with the West River Quakers.

The two story frame house is unoccupied and in a deteriorated condition. It faces east, toward the wharf. The main section is 5-bays long and one room deep with a center hall and entrance. The east elevation of the house is covered by a 2-story enclosed porch. The chimneys are located on the west side of the house with the fireplaces located parallel to the side walls rather than the end walls. There is a 2-story ell running perpendicular to the west wall of the main section and there are two smaller additions to the house: one on the south end of the main section; the other at the end of the ell.

The house is sheathed in wood weatherboarding and has a wood shingle roof. The windows almost all have 6/6 pane sashes.
