

BA-2618

ST. PETER'S LUTHERAN CHURCH - 1937-1953 - 7910 Belair Road. This is the fourth home of a congregation dating from 1862. The 1880 brick church was to have been replaced by the present church in 1937, but work was stopped in 1940, resulting in a covered basement auditorium. The fieldstone nave of simplified gothic was completed in 1953. The building measures 36 x 114 feet (Evening Sun, January 8, 1953). Windows are rectangular rather than lancet. Front lawn consumed to widen U.S. 1 on October 3, 1994.
