CARR - 790

1073 HEMLOCK LANE

*J. Lockhard House*

Westminster vicinity

private

1073 Hemlock Lane is a difficult structure to analyze from the exterior because of the remodeling of the building with aluminum siding. It appears to be a mid-to-late nineteenth century farmhouse with a rectangular shaped plan. There is a full-length enclosed porch on the east facade. The aluminum siding on the west facade may be covering earlier door and window openings.
