Based on the information provided by SHA, the T.E. Hill House, located at 5554 Taneytown Pike, Taneytown, Maryland, does not appear to meet the National Register Criteria for listing. The simple, frame, two story house was constructed in the late 1880s and has had two major additions to the rear. The house does not appear to possess any particular architectural significance. The simple farm house is similar to numerous others of the period in Carroll County and has undergone a number of unsympathetic alterations over time. The house is not known to have been associated with any significant person or event. It is not located in any known historic district.

Documentation on the property/district is presented in: Project file, Maryland Inventory Form CARR-840
