

F-1-56  
Charles Huseman House  
Buckeystown  
Private

1895  
Newton Schaeffer

The Charles Huseman House is a frame two and a half story cross gable slate roofed residence constructed of novelty siding in the Carpenter Gothic style typical of the residences in Buckeystown.

The ell shaped building extends to the east side accommodating a two story four room frame addition added in 1911 by the original builder of the house, Newton Schaeffer, to accommodate the telephone exchange for the town.

The house was constructed in 1895 by Schaeffer, a prominent contractor and builder of Buckeystown for himself and was owned by the Schaeffer family until 1966.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Charles Huseman House is a two and one-half story frame gable roofed residence which faces west from the east side of Route 85 in Buckeystown.

The principal facade is five bays wide. The main entrance, a paneled door with three light transom, sidelights and brackets is located in the third bay. Occupying the remaining bays on the first and second level are Victorian arched 2/2 windows with louvered shutters. A small Palladian window with unusual segmentation is located in the front gable.

The main block of the building is two bays deep. A replaced frame porch extends along the entire front of the building. The entire house which is sided with novelty siding is constructed on a high random stone foundation. It is covered by a fishscale patterned slate roof with flank and center gables supported by a boxed cornice with return and dentiled frieze.

The ell shaped building extends to the east side accommodating a two story four room frame addition added in 1911 by the original builder of the house, Newton Schaeffer to accommodate the telephone exchange.

A single brick chimney straddles the gable on the north and south ends of the building.

The porch originally had intricate sawnwork decoration.
