DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a particularly fine, frame bank barn that sits on a high foundation of rough-dressed Seneca stone. There are four bays of stall-doors on the lower level, and wooden, lattice-type screens allow for ventilation here. The upper part of the barn has clapboard siding and a new metal roof, and there are several tiers of louvered window/vents.

Nearby stands the Colonial Revival farmhouse.
