Prepare both a summary paragraph of significance and a general statement of history and support.

The Musser farmhouse is significant as an example of a rural dwelling typical of that constructed in Montgomery County during the later 19th century. Houses of this type; a rectangular main block with a rear ell, gable roof with a center gable and a porch running the length of the facade, appear throughout the county. This house was built about 1890 by Henry M. Musser.¹ Henry built his house on 132 1/4 acres of "Rich Level" which he and William H. Musser purchased in December of 1882 after Elizabeth Duley (a recent widow) defaulted on her mortgage to them.² This property was adjacent to the John Hoyle farm.

Following Henry Musser's death, the farm was sold by a court appointed trustee to David Rinehart in October of 1895. The property was then described as a farm of 132 1/4 acres, in a high state of cultivation, where Henry Musser resided at the time of his death. The improvements consisted of a "fine NEW frame dwelling house," barn, stabel, ice house, blacksmith shop, wheelwright shop, wood house, hen house and a dairy.³ David Rinehart sold the farm in 1902 to James and Eleanor Maughlin after which time it passed through a succession of owners. The farm was owned and operated for many years by J. Daniel and Margaret Dorsey; from 1925 until 1948. Then, it was owned by A. Harding and Filimora Paul from 1948 until 1973. Since then the deed has been in the name of Harry Leet.

¹Date is based on the 1895 notice of trustee's sale which mentions a new dwelling house on this property.

Note: There is a log structure of some sort on the property. However, it is not in a ruinous state.
