9. Description: The house is a frame structure that replaced the second of two successive earlier stone houses that were torn down. It is a two story frame structure with a three bay main (east) facade. The double doorway, with a transom light, is under a pedimented porch. The windows are six-over-six double-hung sash. The boxed cornice is bracketed, with the brackets running up the sides of the gable end. On the south end is a small solarium with bracketed cornice. To the west is a lower, two story integral ell with a chimney on the west end. West of the house is a log cabin with a three bay facade with central doorway. It has a large internal stone fireplace on the east end. East of the house is a stone springhouse with a projecting gable covering the wooden stairs. The house has a porch, library, den, dining room and kitchen on the first floor, four bedrooms and bath on the second floor and one bedroom and bath on the third floor. The Bowie family cemetery is west of the house.

10. Significance: Oatland Farm was established by Washington Bowie, a member of a prominent Montgomery County family. Named after George Washington, a family friend, Bowie spent much of his adult life as a successful Georgetown merchant. In 1820 he moved to Montgomery County, purchasing about 2,000 acres. He established his home on part of the family estate, and called it Oatland. At Washington Bowie's death in 1826, the farm was transferred to his son Washington II.

After Washington II's death in 1845, the farm passed to his sister Margaret, who passed it to another sister, Mary Bowie Chichester. Mary's son Washington B. Chichester, Sr. is believed to have built the existing frame house in 1875.

The farm remained in the Chichester family until 1964, when it was conveyed to the present owners.

## STATEMENT OF SIGNIFICANCE

Oatland Farm was established by Washington Bowie, a member of a prominent County family. Washington was named after General George Washington, a family friend and a sponsor at Washington Bowie's christening. Bowie grew up in Maryland at "Hermitage", the family estate. He later moved to Georgetown where he spent most of his adult life. He became a successful merchant, dealing in the shipping and export business under the firm name of Bowie & Kurtz. In 1810 the Annapolis Gazette reported (Col.) Washington Bowie to be one of the wealthiest and most public spirited citizens of Georgetown.<sup>1</sup> In 1820 Washington Bowie returned to Montgomery County, purchasing about 2,000 acres. He established his home on the part of the estate he named Oatland.<sup>2</sup>

Washington died in 1826 and Oatland was transferred to his son Washington II.<sup>3</sup> Washington II never married, and upon his death Oatland passed to his sister Margaret D. Bowie.<sup>4</sup> At that time Oatland consisted of about 500 acres, and contained a stone house as their residence. Not much is known about the house, and the records are unclear as whether Washington (Sr.) built the house or it was situated on the Oatland property when he purchased it.

Margaret Bowie died intestate and the property was transferred by court order to Mary Bowie Chichester, Margaret's sister.<sup>5</sup> Mary conveyed it to her son, Washington B. Chichester, Sr. by will.<sup>6</sup> Chichester is believed to have built the existing frame house in 1875.<sup>7</sup> He left the farm to his daughters, Margaret Smith and Harriet Chichester.<sup>8</sup> In the years that followed, the property was repeatedly divided among various heirs and recombined again,<sup>9</sup> but the essential integrity of the estate was preserved. It did not leave the hands of the Chichester family until July 1964, when Robert and Henrietta Chichester conveyed the property to the present owners, Gordon Chandler Keys and his wife, Janice Oxley Keys.

SUBJECT: Preliminary Draft Amendment to the Master Plan for Historic  
Preservation: Rock Creek Planning Area Resources

MARYLAND HISTORICAL TRUST

I am pleased to transmit to your this August 1984 Preliminary Draft Amendment to the Master Plan for Historic Preservation.

This document contains the recommendations of the Montgomery County Historic Preservation Commission concerning the unevaluated Rock Creek Planning Area historic resources identified in the County's Locational Atlas and Index of Historic Sites.

The Preservation Commission recommends the designation of seven (7) sites for protection under the County's Historic Preservation Ordinance, Chapter 24A of the County Code. The Commission also recommends the removal of 15 sites listed in the Locational Atlas.

The Montgomery County Planning Board will hold a public hearing on this Preliminary Draft Plan on Tuesday, October 2, 1984 at 7:30 P.M. in the Auditorium of the Montgomery Regional Office at 8787 Georgia Avenue, Silver Spring, Maryland.

Should you have any questions concerning this amendment, please do not hesitate to contact Marty Reinhart of Community Planning North staff at 495-4565.

PRELIMINARY DRAFT COMPREHENSIVE AMENDMENT  
TO THE  
ROCK CREEK MASTER PLAN  
CHAPTER VIII

F. Historic Sites Master Plan and Ordinance

There are a number and a variety of historic resources in the County. Some are protected from adverse state or federal actions through identification on the Maryland State Inventory or the National Register of Historic Places. The County, recognizing the need for additional protection for these sites and for sites of local significance, adopted a functional Master Plan for Historic Preservation and enacted a Historic Preservation Ordinance, Chapter 24A of the County Code in 1979.

The Montgomery County Historic Preservation Commission was created with the enactment of the County's Historic Preservation Ordinance and was charged with the responsibility of researching and evaluating historic resources according to criteria specified in the ordinance. The Commission then recommends those worthy of preservation to the Montgomery County Planning Board for inclusion in the Master Plan for Historic Preservation and protection under the ordinance.

Upon receiving a recommendation from the Historic Preservation Commission, the Planning Board holds a public hearing to make its determination using the same criteria, considering the purposes of the ordinance, and balancing the importance of the historic resource with other public interests.

If, in balance, the Planning Board finds the historic resource should be designated, it will then recommend a master plan amendment to the County Council. The Council may hold a hearing before it acts, if appropriate. Upon approval by the Council and adoption by the Planning Board of the proposed amendment, the historic resource would then become designated on the Master Plan for Historic Preservation, and thus, subject to the protection of the ordinance.

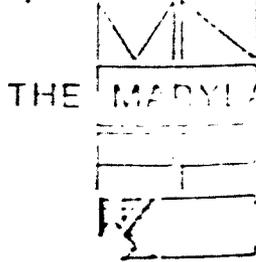

The architectural and historic significance of the Rock Creek Planning Area resources identified on the Locational Atlas and Index of Historic Resources in Montgomery County, -- the County official historic inventory -- have been reviewed by the Preservation Commission as part of this comprehensive amendment.

As a result of their evaluation, the Preservation Commission recommends the Master Plan for Historic Preservation be amended to include the following sites:

<u>Area #</u>	<u>Site</u>	<u>Location</u>	<u>Associated Acreage</u>
22/1	Dorsey Springhouse	Dorsey Road	7880 sq. ft.

- The modest board and batten springhouse covers the headwaters of Rock Creek, which, next to the Potomac River, has historically been Montgomery County's most important body of water.

- Symbolically important for its place in the agricultural and industrial growth of the county which depended on Rock Creek.
  - Environmental setting to be a 50 foot radius around the springhouse.
- 22/2 Pugh Farm 6411 Dorsey Rd. 1.49
- Pugh Farm ca. 1853, is a fine, relatively unaltered example of Gothic Revival architecture so prevalent in Montgomery County in the 19th century.
  - The house retains a number of fine architectural details such as 6 over 6 windows and the patterned tin roof.
  - The entire 1.49 acre parcel is the recommended environmental setting.
- 22/14 Oatland Farm 4231 Briars Rd. 130 Acres
- Architecturally this ca. 1875 house is an outstanding example of the transitional Greek Revival/Italianate style so popular in the period 1850 - 1870. It contains many touches of elegance such as the original pedimented portico and the bracketed boxed cornice.
  - Associated with the family of Washington Bowie, prominent area merchant of the early 19th century.
  - The parcel currently contains 130 acres; the environmental setting when delineated should include the small log house, the stone springhouse, and the Bowie family cemetery.
- 22/25 J.H. Cashell (Grantham) Farm 5867 Muncaster Mill Rd.
- The earliest section of the frame Cashell Farmhouse, in the American farmhouse style, was built in the mid 19th century by the Hon. Hazel H. Cashell. His son John H. added a turrellated, jerkin-headed Queen Anne block at the end of that century.
  - Important for its association with the Cashell family as well as the high level of architecture achieved by the hybrid-style building.
- 22/30 Barnesley House 15715 Avery Rd. 11.25 Acres
- A good example of a well-maintained 19th century gothic revival farmhouse, once so ubiquitous in Montgomery County.
  - The entire 11.25 acres parcel is the recommended environmental setting.
