This is the site of the original spring, once located on the Blair farm, that gave the name to the town of Silver Spring, Maryland. It is now a "mini-park", landscaped about the spring. In the park is an acorn-shaped structure on wooden posts that once served as a gazebo on Blair's farm. The spring itself is set down in a small, grotto-like recess. It is covered with a carved stone hood. Ironically, the water has been piped in ever since the area began its fast-paced development during this century. Old photos (ca. 1930) show the original Italian marble statue that was placed in the spring.

STATEMENT OF SIGNIFICANCE

Several versions of a story are told that relate how Francis Preston Blair (a newspaperman-brought to Washington by Andrew Jackson) and his daughter discovered the bubbling mica spring after being thrown from a horse nearby. They named their home here "Silver Spring", and the name was passed on to the present community (often referred to as "Maryland's Second Largest City".) The old "Silver Spring House" was located on Eastern Ave. nearby, and was removed at the time of development during the 1950's. The Blair and Lee families of Silver Spring have played a prominent role in county and state politics.

APPENDIX

SITES NOT RECOMMENDED FOR REGULATION UNDER THE HISTORIC PRESERVATION ORDINANCE CHAPTER 24A OF THE MONTGOMERY COUNTY CODE

The following sites have been reviewed and found not suitable for regulation under the Historic Preservation Ordinance. Those sites also listed on The Locational Atlas and Index of Historic Sites in Montgomery County, Maryland will no longer be subject to regulation under the Moratorium on Alteration and Demolition, Section 24A-10 of the Historic Preservation Ordinance. Although removed from the Locational Atlas, these sites will remain on the Maryland Historical Trust's State Inventory.

<u>Site</u>	<u>Name</u>	<u>Location</u>
36/16	Little Tavern	8230 Georgia Avenue
36/17	Old Masonic Temple	8435-39 Georgia Avenue

while retaining the ability to be responsive to development plans which recognize important features of the resource.

IMPLEMENTATION

Once designated on the Master Plan for Historic Preservation, any substantial changes to the exterior of a resource or its environmental setting must be reviewed by the Historic Preservation Commission and a historic area work permit issued. The Ordinance also empowers the County's Department of Environmental Protection and the Historic Preservation Commission to prevent the demolition of historic buildings through neglect.

It is the intent of the Master Plan and Ordinance to provide a rational system for evaluating, protecting and enhancing Montgomery County's heritage for the benefit of present and future residents. The accompanying challenge is to weave protection of this heritage into the County's planning program so as to maximize community support for preservation and minimize infringement on private property rights.
