## Capsule Summary

Inventory No. PG: 77-28  
Property Name: Storage Facility . #03445  
Location: Andrews Air Force Base  
Ownership: Public/Military  
Date of Construction: ca. 1943

Building #03445 is a large one-story tall, rectangular concrete block structure, with a asphalt shingle covered, high-pitched gable roof. The gable ends of the building are frame construction covered with wood siding. As originally designed, the buildings had both normal height and high windows, most of which have been boarded up. There are three loading bays on one long side of the building. There has been a major one-story gable roofed addition to one end of the structure. There are no landscape plantings around the building.

Building #03445 has been modified significantly since its construction in 1943. Built as a storage facility, the building has received a large one story concrete block addition to one end, changing the form and character of the original building. In addition, the original windows in the structure have been blocked up, and the entry doors changed, along with the roofing materials. At the remaining end of the building mechanical equipment has been added, along with a trash enclosure.

The building fabric has been damaged through the introduction of materials inconsistent with the original design of the structure and, the integrity has been damaged through the construction of a large addition to the end of the building.
