Criteria:  A  B  C  D Considerations:  A  B  C  D  E  F  G  None

Justification for decision: (Use continuation sheet if necessary and attach map)

The Air Force's consultant determined these buildings ineligible based on age and/or integrity. The World War II buildings have been significantly altered and do not form any cohesive architectural identity. The Trust concurred that all of these buildings were not eligible.

Documentation on the property/district is presented in: with this MHIP form and Andrews Air Force Base compliance file

## **Capsule Summary**

Inventory No. PG: 77-55

Property Name: Electric Power Station Building #04863

Location: Andrews Air Force Base

Ownership: Public/Military

Date of Construction: ca. 1943

Building #04863 is a large, rectangular, one-story tall brick structure built in 1943 on the west side of the base. The building has a flat, built-up roof. There are vertical concrete block panels on each long side of the building. Original windows and doors have been removed and bricked up.

Building #04863 is the only brick building remaining that dates to the early development of the base. The building is used as an electric switch house for the installation. Original openings in the structure have been closed with brick and block, various pieces of equipment have been installed adjacent to or on the building, and the original roof has been replaced. The building is isolated in its setting, with no landscape treatment in the immediate area.
