S-370
Laura Bozman House
Deal Island
private

c. 1913

The Laura Bozman house is a standard two-story, three-bay frame dwelling commonly built during the years surrounding the turn of the century in watermen's communities such as Deal Island. The center hall frame house is severely plain aside from a decorative sawtooth edge that trims the eaves.

Construction of the dwelling dates to the second decade of the twentieth century after Laura F. Bozman purchased a half-acre lot from Wilbur C. Bozman in March of 1913 (SFD 63-569). The lot was carved from a larger property that Wilbur Bozman had purchased two years earlier from Alfonza Dix, being the former land of Isabella White (SFD 57/261).

Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

Laura Bozman house description

The Laura Bozman house stands on the south side of MD 363 (Deal Island Road) at the south end of the community of Deal Island, Somerset County, Maryland. The two-story, three-bay frame house faces north with the gable oriented on an east/west axis.

Supported by a brick pier foundation, this early twentieth-century dwelling is sheathed with narrow weatherboards and covered with a steeply pitched asphalt shingle roof.

The north (main) facade is an asymmetrical three-bay elevation with a center entrance. The front door is glazed above the lock rail and paneled below. Located to the east of the center door is another door that is also glazed above the lock rail. The west bay is filled with a two-over-two sash window, and the second floor is lighted by three two-over-two sash windows. The eaves of the roof are extended and trimmed with sawtooth decoration. Rising from the center of the house is a pair of brick chimneys finished with corbelled caps.

The east and west gable end elevations are identical with two-over-two sash windows on each floor and a four-over-two sash window that lights the attic. The back of the house is divided into three bays with a center entrance and flanking two-over-two sash windows. The second floor is lighted by three evenly spaced windows.
