Description:

This two story, three bay frame house is covered with aluminum siding. Windows have single pane sash within architraves with molded flat tops, typical of the 1890-1900s period. The main entrance is located in the central bay of the front elevation and includes a one bay porch over the door. The house appears to date from about 1890, but a house is shown on this lot on the 1877 Atlas Map. It belonged to J. Gumble.
