

SITE NUMBER: WA-II-699

ADDRESS: Northwest corner of East High and South Church Streets,
Sharpsburg, MD

OWNER/LOT NUMBER/ACCESS: James A. McCoy, 765/965, private

BUILDING DATE: late 19th/early 20th century?

This is a south-facing, vertically massed, symmetrical, one-and-a-half-story, one-bay, frame, freestanding, institutional structure resting on a stone foundation. It is set directly at the public-right-of-way. The building has a one-story gable-roof, enclosed entry portico. The entrance is topped by a transom. The front-gable roof is covered with artificial roll. Fenestration consists of a row of three tall double-hung windows on the east and west elevations and smaller windows in the front gable. There is a one-story shed addition to the rear.

The structure was originally built as a black school. It is noted on the 1922 Sanborn as the "colored school". Additional notations indicate that the school did not have electricity and was heated by a stove. On the lots immediately behind this school is noted the "Public School", two large brick buildings that were centrally heated and served by electricity. The building now serves as a residence. The lot is vacant on the 1877 map.

The building is within the Western Maryland Geographic Organization, the Development Period of Industrial/Urban Dominance, and falls within the Historic Period Themes of Education; and Architecture, Landscape Architecture and Community Planning.
