**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This large farmhouse is a two story, nine bay structure with the four more central bays of its front elevation recessed beneath a double porch. Painted white, the house is constructed in common bond at all elevations and has a date tablet at the second story level in the third bay from the south end that indicates that the house was built by George J. Shifler, July 1, 1884. An occupant of the house stated that the building once stood in a nearby meadow and was moved to its present site in 1884. It is also said that the barn dates from 1880. The house has six over six pane windows and eight and six panel doors hung beneath three light transoms.
