 DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This property near Edgemont consists of two houses, one built in 1888 by J. M. Stover and an older stone house.

The main house, of brick is a two story, three bay T-shaped structure with a four bay extension to the rear or east. The central bay projects from the second story upward forming a cross gable with a pointed Gothic window. Openings are topped with pointed architraves with an Eastlavian flavor. Along most of the house are porches with turned balusters. Windows are long and narrow with two over two pane sashes.

The interior of the house features dark oak woodwork. Fireplaces have colored tile faces. One cast iron fireplace liner is dated 1887.

On steps leading to the main entrance is a tablet marked J.M. Stover with the date 1888.

The second house is older, probably dating from the latter part of the first quarter of the 19th century. It is a small one and a half story, two bay structure with a deep overhanging porch along its front or south elevation. Windows have six over six pane sashes.

Nearby are foundations of an old frame bank barn.
