DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This farm is improved with a two story brick house, a stone out kitchen and smoke house with frame gables, a large frame bank barn with decorative metal ventilators and various agricultural outbuildings.

The house is a four bay structure with two front doors located side by side in the main elevation. Beside the more westerly door cut into a brick are the initials E.M. and the date 1856. The front elevation is laid in Flemish bond while other walls display common bond. Windows have six over six pane sashes beneath wide wood lintels at the front elevation. A one story kitchen wing, also of brick is attached to the west end wall.

The interior of the house is divided by a central hall with the stairway leading up from the back of the house. Two rooms are located on each side of the hall with the other front entrance opening into the southwest room. The main parlor fireplace has a mantel with colonnettes at the capitals of which are carved closed books. The wooden mantel has been painted to resemble marble. Door architraves have decorated corner blocks.
