

CT-267  
Julius Gray's Tenant House  
Bowens after 1910  
Private

This  $1\frac{1}{2}$  story frame house was built shortly after CT-265 was constructed in 1910. A central flue heats both sides of the building. Each side includes one door and one window under the common porch.

### STATEMENT OF SIGNIFICANCE

Although oral history places an early date to this house it is probably little more than fifty or sixty years old. This doesn't, however, make it a worthless building. It apparently was constructed out of salvage materials by Julius Gray to serve as a tenant house on his farm. The Gray sisters recall that the tenant house was built after the main house (CT-265) which was built c. 1910.
