Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This complex bungalow faces east onto Calvert Street. It is a one-and-a-half-story framed and weatherboarded gable-fronted bungalow that was doubled in size by the addition, on the south side, of a side-gable one-bay cross wing with a front-facing gabled dormer. This addition was made very early. The foundation of the house is composed of concrete block. The windows have two-over-two double-hung sash. There is a hipped-roofed screened-in front porch. The structure dates to the early part of this century.
