YE COOLE SPRINGS OF ST. MARIES

1697

Charlotte Hall

Open to public

Enclosed within a small park is the site of the earliest hospital-sanitarium established in the English colonies (1698). The springs, of which there are now five that still run freely, became widely known for their medicinal healing qualities during an outbreak of pestilence in Southern Maryland, 1697-98.

This property has been included on the National Register of Historic Places, United States Department of the Interior, as part of the Charlotte Hall Historic District.
