DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The farm is located on the north side of Maryland Route 5, and is set back at a distance, approached by a long dirt driveway. The complex contains a house and outbuildings.

The house faces south and is two stories high, five bays wide by two deep. It is sheathed with white weatherboarding, with dark contrasting trim around the windows and on cornerboards. There is a low-pitched gable roof with two brick exterior end chimneys, and a low center cross gable on the south facade.

The principal facade contains five 6/6 double hung windows; the window frames are outlined in dark paint, as are the cornerboards which define the outline of the house. The first story contains a central doorway flanked on each side by two windows like those on the second floor. Along the central three bays of this facade is a one-story, half-hip roofed porch supported by four columns.

The east gable end contains a central narrow brick exterior end chimney, with one window on each side of the chimney on both stories. These windows are 4/4, and are narrower than those on the principal facade.
