DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE

The Milton United Methodist Church is a small frame late country Gothic church built near the old wharf at the present town of Woolford, formerly called Milton, and before that, Loom Town. The building stands on brick piers and is rectangular with "A" roof and has a tower entrance in the center of its gable facade. All the windows and the entrance have lancet arches with stain glass. The tower is composed of three units, the lower part having the door with transom, above which, is a small roofed set-back where the tower becomes smaller. This section has a semicircular headed window with 2/2 sash. Above the apex of the roof is the louvered bellfry with pyramid roof. There is a wide overhang to the eaves with cornice returns. On each side of the building is a brick chimney. Later extensions have been added on both sides.

<input type="checkbox"/> Conservation			_____

STATEMENT OF SIGNIFICANCE

The church is a small church which adds considerable charm and variation to the village of Woolford. It is also important because Methodism was one of the great forces which enabled the people of Dorchester to work together toward a common goal.
