DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Middleton House is located on the west side of Massey Avenue in Price, less than 1/4 mile north of Maryland Route 405. It was moved to this location from a site on the north side of Route 405 just west of town. Once an important part of the town, this site was obliterated by the construction of U.S. Route 301.

The Middleton House was constructed circa 1883 and served for many years as a store operated by the Cahall family. It is of frame construction, two stories high, three bays wide and one room deep with a pitched gable roof.

The east facade now serves as the principal facade. There is a door to left of center on the first floor with a paired 3/1 window to the left and a single 3/1 to the right. Three 6/6 windows are ranged across the second floor. The facade is covered with asphalt shingle siding and an asphalt shingle roof; the eaves are boxed with a scalloped fascia board.

There are two 3/1 windows on the first floor of the south gable wall and two 6/6 windows on the second floor. The gable eaves are boxed in

STATEMENT OF SIGNIFICANCE

The frame dwelling known as the Middleton House was originally constructed as a store circa 1883 by J.T. Cahall. The store originally stood at the old crossroads to the west of the railroad line, a site now obliterated by U.S. Route 301.

The lot on which the store was constructed was purchased from Mordecai Price in 1883 by J.T. Cahall. The store was owned and operated by the Cahall family for many years. Sometime in the present century the building was moved to the present location and converted to a dwelling house.

with a scalloped fascia and the wall is covered with asphalt shingle siding.

The rear facade faces west to the railroad tracks. A single 3/1 window is located to right of center on the first floor; 6/6 windows are located at the extreme north and south ends of the second story. A flush brick stove chimney rises to left of center. The siding, cornice and roof match the front facade.

A small lean-to shed covers much of the first floor of the north gable wall. The only openings on this gable wall are a pair of four-light windows to the right of the lean-to on the first floor and a single 6/6 window in the right bay of the second floor. The siding and cornice match the south gable wall.

The interior was not accessible.
