Capsule Summary

The Bethel Cemetery is located in a developed area near the intersection of Rock Avenue and Huber Road. The area is marked as a cemetery on the Odenton USGS quad sheet. There are approximately 133 markers dating from the 1860 to 1975. It is surrounded by a chain link fence with no ornamentation. Although it is associated with the locally prominent Disney family, this cemetery does not contain the graves of any persons of transcendent importance, is not associated with historic events, does not possess distinctive design features, and is not of significant age. The site has limited research value so does not meet NRHP Criteria Consideration D. The Post Cemetery is therefore ineligible for listing in the NRHP.
