Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

The Carcamo Property is located on the south side of Marlboro Pike in Forestville, Prince George's County. The property has a 1 1/2-story, 3-bay, circa 1930 house on a narrow, deep lot with few trees. The house has a rock-faced concrete-block foundation, asbestos-shingle siding, and an asphalt-shingle, side-gable roof. The roof has clipped gable ends and deep eaves. A brick chimney rises from the east end of the roof. The main entry is located in the center bay of the front (north) elevation and consists of a modern, half-glass door with a plain surround. Above the door is a simple, front-gable portico with a curved underside and brackets. A modern wood-frame stoop leads to the door. The house has 6/1 double-hung windows with plain surrounds and modern storm windows. Much of the Carcamo Property is fenced and locked and therefore was not accessible at the time of this survey. The property, located in a residential-industrial transitional area, is currently vacant.

Property Name: Carcamo Property

Inventory Number: PG: 75A-46

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)* (CONT'D.)

The Carcamo Property is not eligible for the National Register of Historic Places. The property is not eligible under Criterion A, as research conducted indicates no association with any historic events or trends significant in the development of local, state or national history. Historic research indicates that the property has no association with persons who have made specific contributions to history, and therefore, it does not meet Criterion B. The property is not eligible under Criterion C, as it is an indistinguished example of a common building type found throughout suburban regions. The house has little detail other than the portico and clipped gables, and the modern stoop has compromised the building's integrity. Investigations have not been conducted to determine whether the property has the potential to yield information important in history or pre-history, therefore eligibility under Criterion D cannot be assessed at this time.
