The Sharper Property is located in Prince George's County west of the intersection of St. Barnabas Road and Brinkley Road. The northbound ramp to the Capital Beltway at Exit 4 forms the northern boundary of the property. The Sharper property consists of a circa 1900 vernacular house with Colonial Revival features and a garage located on a large, open lot adjacent to a suburban commercial area. The property was originally associated with agriculture. The property is approached by a long paved drive leading from Brinkley Road. The 2 1/2-story, 3-bay house is constructed of brick with an asphalt-shingle hipped roof. The roof has a plain boxed cornice and a gable dormer on each elevation. A narrow brick chimney is located on the east elevation. The main entry to the house is located in the center bay of the front (south) elevation. The half-glass door has 5-light sidelights and a simple surround. The house has 6/6 double hung windows that vary in size and often occur in pairs. A large, 1-story porch wraps the south and west elevations. The porch has a brick foundation, a concrete floor, square brick posts, and a shed roof with a hip on the southwest corner. It is currently enclosed with modern screening. A smaller shed porch, now enclosed in brick, extends from the north elevation. East of the house is a circa 1960 garage. The 4-bay, 1-story garage is also constructed of brick with a hipped roof.

Property Name: Sharper Property

Inventory Number: PG: 76B-42

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):* (CONT'D)

The Sharper Property is not eligible for the National Register of Historic Places. The property is not eligible under Criterion A, as research conducted indicates no association with any historic events or trends significant in the development of local, state or national history. Although the property was originally associated with agriculture, no farm buildings or other evidence of agricultural pursuits remains. Historic research indicates that the property has no association with persons who have made specific contributions to history, and therefore, it does not meet Criterion B. The property is not eligible under Criterion C because it is not an outstanding example of a vernacular residence with Colonial Revival features. In addition, the architectural integrity of the building has been compromised by the enclosure of the porch. Investigations have not been conducted to determine whether the property has the potential to yield information important in history or pre-history, therefore eligibility under Criterion D cannot be assessed at this time.
