Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

This sprawling district located between Daniels Park and south of IS 495/95 in College Park, Prince George's County Maryland consists of a mixture of post World War II tract housing. Identified in KCI Technologies report, Suburbanization Historic Context, Hollywood was developed by Daniels Park developer, Edward Daniels. It was planned as an extension of the Daniels Park community. The area bridging Daniels Park to Hollywood was platted as Hollywood on the Hills and developed earlier than Hollywood (see Inventory Number PG 66-40). According to the KCI report and Prince George's tax assessor information, the area north of Lackawanna Street was not developed until the late 1940s and early 1950s.

The neighborhood is quite large, encompassing Lackawanna Street as the southern boundary, the south side of Edgewood Road as the northern boundary, Narragansett and 50<sup>th</sup> Place as the western boundary, and 52<sup>nd</sup> and 53<sup>rd</sup> Avenue as the eastern boundary. The neighborhood is formed on somewhat of a grid system, but there are intermediate cul-de-sacs and three way intersections interspersed throughout the neighborhood. There are several house types represented, from smaller brick side gable homes consisting of about 900 square feet on small (5500 square foot lots), to larger two-story homes, and homes on tracts of land larger than 10000 square feet. Additionally, there are several small pockets or sometimes a block of modern development scattered within this large housing tract. These pockets consist of three or more circa 1970 homes.

Hollywood Park is located east of the neighborhood.

Hollywood is considered not eligible for listing in the National Register of Historic Places.

NR-ELIBILITY REVIEW FORM**

Continuation Sheet No. 1

PG: 66-39

---

Hollywood is not considered eligible under Criterion A. While it is associated with a broad pattern of history, the suburbanization movement, Hollywood is not a strong representative neighborhood of this movement.

Hollywood is not considered eligible under Criterion B, as it is not known to be associated with persons significant in our National, State, or local history.

Hollywood is not considered eligible under Criterion C. Architecturally, the neighborhood does possess some integrity of original building materials. However, the district is spotted with many non-contributing elements that detract from the overall feeling and cohesiveness. Additionally, the styles represented are not considered outstanding or even typical house forms of the time period.

Hollywood is not considered eligible under Criterion D. It is unlikely that the neighborhood has the potential to provide new information about the history or its inhabitants.
