Description of Property and Eligibility Determination *(Use continuation sheet if necessary and attach map and photo)*

The resource is Four Square form single family dwelling typical of the millions houses constructed nationally between 1900 and 1930. The exact date of construction is not known. The walls are constructed of frame and are clad with aluminum siding. The hip roof is clad with asphalt shingles. A large one-room addition has been made to the front façade of the building. This gable front addition is clad with brick.

The property is not known to be associated with events that have made a significant contribution to the broad patterns of local, state, or national history (Criterion A). The property is not known to be associated with the lives of persons significant in the local, state, or national past (Criterion B). The property does not embody the distinctive characteristics of a type, period, or method of construction; represent the work of a master; or possess high artistic values (Criterion C). Finally, the property is not likely to yield information important in local, state, or nation prehistory or history (Criterion D).
